HARRY

the Hairless
Horse

Here is Sharon's favorite! She spends most of her time "galloping across the plains" and it's light enough that she can move it wherever she wants. Body-smooth "Train-Rite" moulded fibre finished with Du Pont "Dulux" baked enamel. Bright red 30 inch rockers. 13 inch saddle height. 22 inches high. Handsome. By Moulded Products. Ask for 41BR1.

Air Fire THUNDER GUN

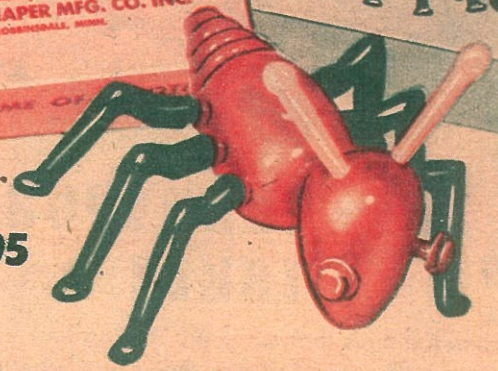

Harmless Fun for Young and
Old...Shoots Standard Table Tennis Balls

Billy says, "this looks like a real Jungle Gun." It comes equipped with a special muzzle attachment that fits on the end of the gun when he wants rapid-fire noise without shooting the ball. Billy also has real sport knocking down his targets. Gun barrel is made of heavy aluminum with strong plastic stock finished in walnut. By Newell Manufacturing. Ask for 41BR3.

Play COOTIE

The New Construction Game
for Young & Old

"Cootie" is a game Billy and Ruth play with their Mommy and Daddy. It's an exciting "Cootie" building race that's fun and the children learn while they play. Two or more can join in, and sometimes Billy and Ruth just watch Mommy and Daddy. By Highlander Sales. Ask for 41BR2.

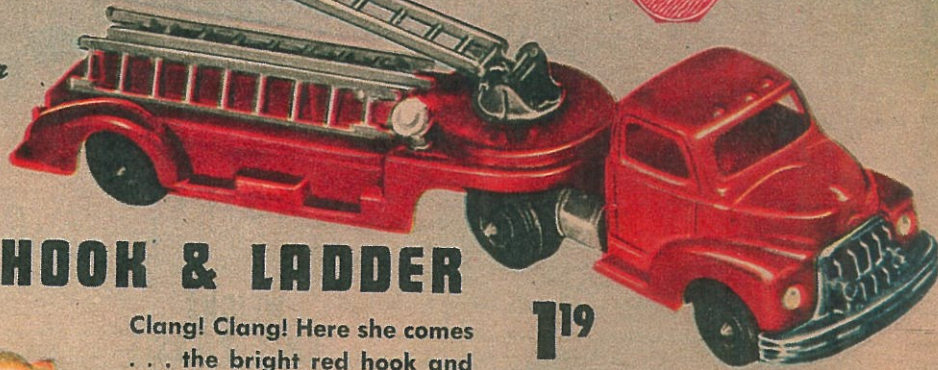

All prices subject to change without notice. Some items slightly higher in some sections of the South and West.

Miniature
REALISTIC TOYS FOR

*Unhitch
 the Trailer*

HOOK & LADDER

119

Clang! Clang! Here she comes . . . the bright red hook and ladder that's the backbone of any Fire House. Plastic cab and trailer with aluminum trim. Metal Chassis. Searchlight and revolving ladder turret for realistic play. Metal fireman's axe and four plastic ladders. Rubber wheels. It's a beauty! 12 3/4 inches long. By Hubley. Ask for 42BR1.

TRANSPORT TRUCK

169

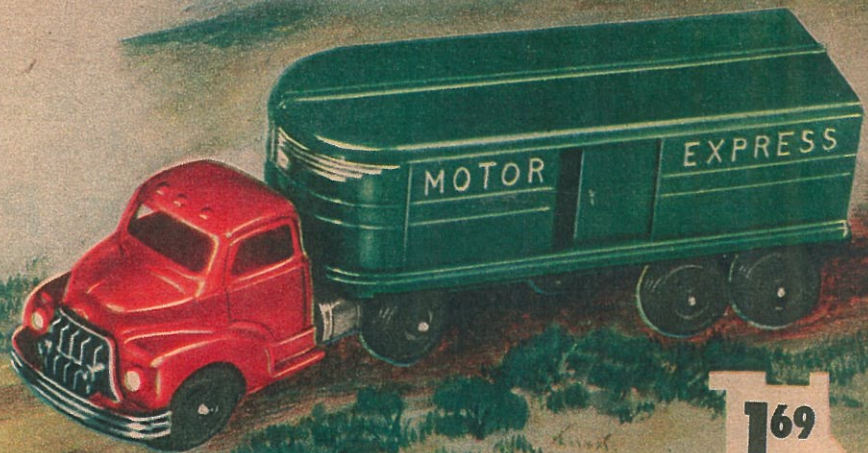

Just like the ones that carry the shining new cars over the highways. You can deliver on schedule your four bright colored "beauties," for there's never a breakdown with this "Transport." 13 1/2 inches long. By Hubley. Ask for 42BR2.

*Lift the
 Hood to Fix
 the Motors*

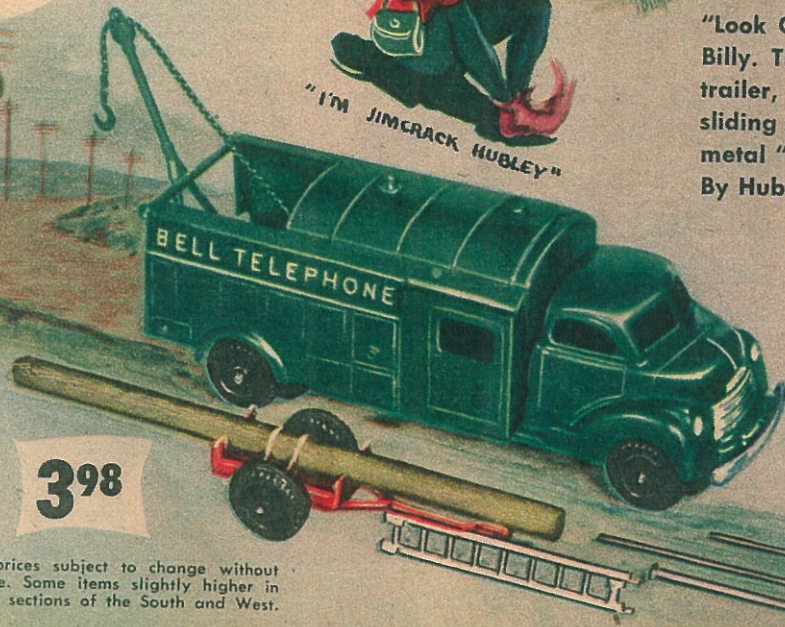

"I'M JIMCRACK HUBLEY"

169

MOTOR EXPRESS TRUCK

"Look Chipper . . . lift the hood and see the motor," says Billy. This has everything . . . Rubber wheels, detachable trailer, retracting trailer parking wheels, hinged rear door, sliding side door. Red and green plastic cab and trailer with metal "springs" and axles. Rubber wheels. 12 inches long. By Hubley. Ask for 42BR3.

398

TELEPHONE TRUCK

This is one of the familiar olive green telephone trucks. The kind that's used when the "poles" are going up. Metal cab and body, chassis and trailer. Aluminum trim. There's a trailer and telephone pole with nickel winch and boom that really works. There are special digging tools. Rubber wheels throughout and a headlight. 12 1/2 inches of fun. By Hubley. Ask for 42BR4.
