LINCOLN LOGS

AND ALLIED TOYS

LINCOLN BARNYARD SETS

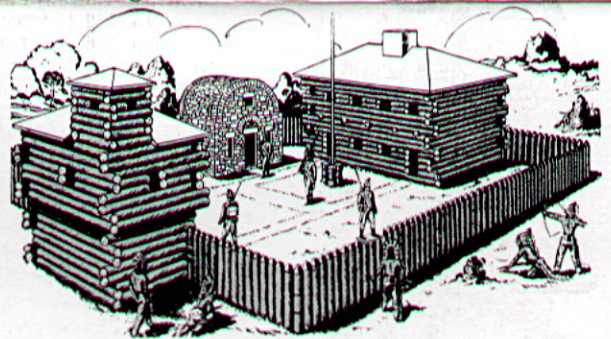

Advance sales indicate that this item will again be one of the most popular of the Lincoln Log Allied Toys — get your share of the Christmas and birthday trade.

Set consists of Wooden Barn and 4 sections of Fence, beautifully enameled in red and green, with 12 unbreakable metal Farm Figures — 2 Trees, Farmer and Wife, Horse, Cow, 2 Sheep and 4 Pigs.

LINCOLN LOGS Grow in Popularity Each Year

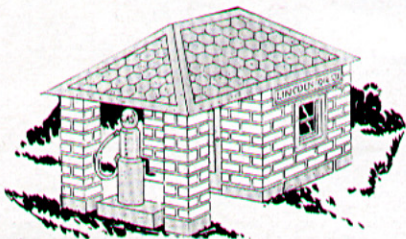

The greater attention that is now given to the Child's play hours by Educators, Children's Welfare Societies and Parents has resulted in an almost universal recognition of the play value of Lincoln Logs.

This Miniature Building Material is made of Hardwood, Seasoned and Stained a weathered Brown. Simple designs illustrate innumerable different items of log construction, easily put together.

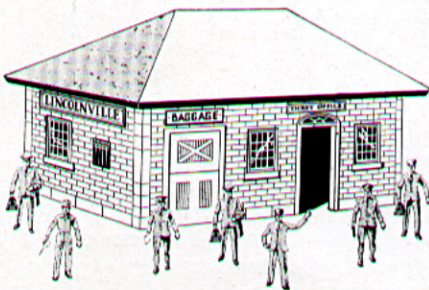

EARLY AMERICAN FORT SET

Constructed of Lincoln Log Lumber which consists of several logs made in one piece instead of each log being cut separately. These groups of logs may be assembled into a variety of forms. Children like Lincoln Log Lumber because it enables them to quickly make realistic buildings of the type shown in the illustration. It is also used in the Fort Dearborn Construction Set and the Settler's Cabin.

LINCOLN BRICKS

The companion toy to Lincoln Logs Standard set consists of miniature building material — bricks, stones, window and door frames, roofs, etc. — 322 pieces in all. Erected with Mortar like real buildings. With this outfit can be built Filling Stations, Garages, Bungalows, Silos, Fences, Walks, etc.

RAILROAD STATION and METAL FIGURES

Beautifully lacquered wooden Station and seven unbreakable Metal Figures — 2 Passengers, 1 each, Engineer, Telegraph Messenger, Red Cap, Policeman, Conductor.
