Additional LINCOLN LOG WAGONS

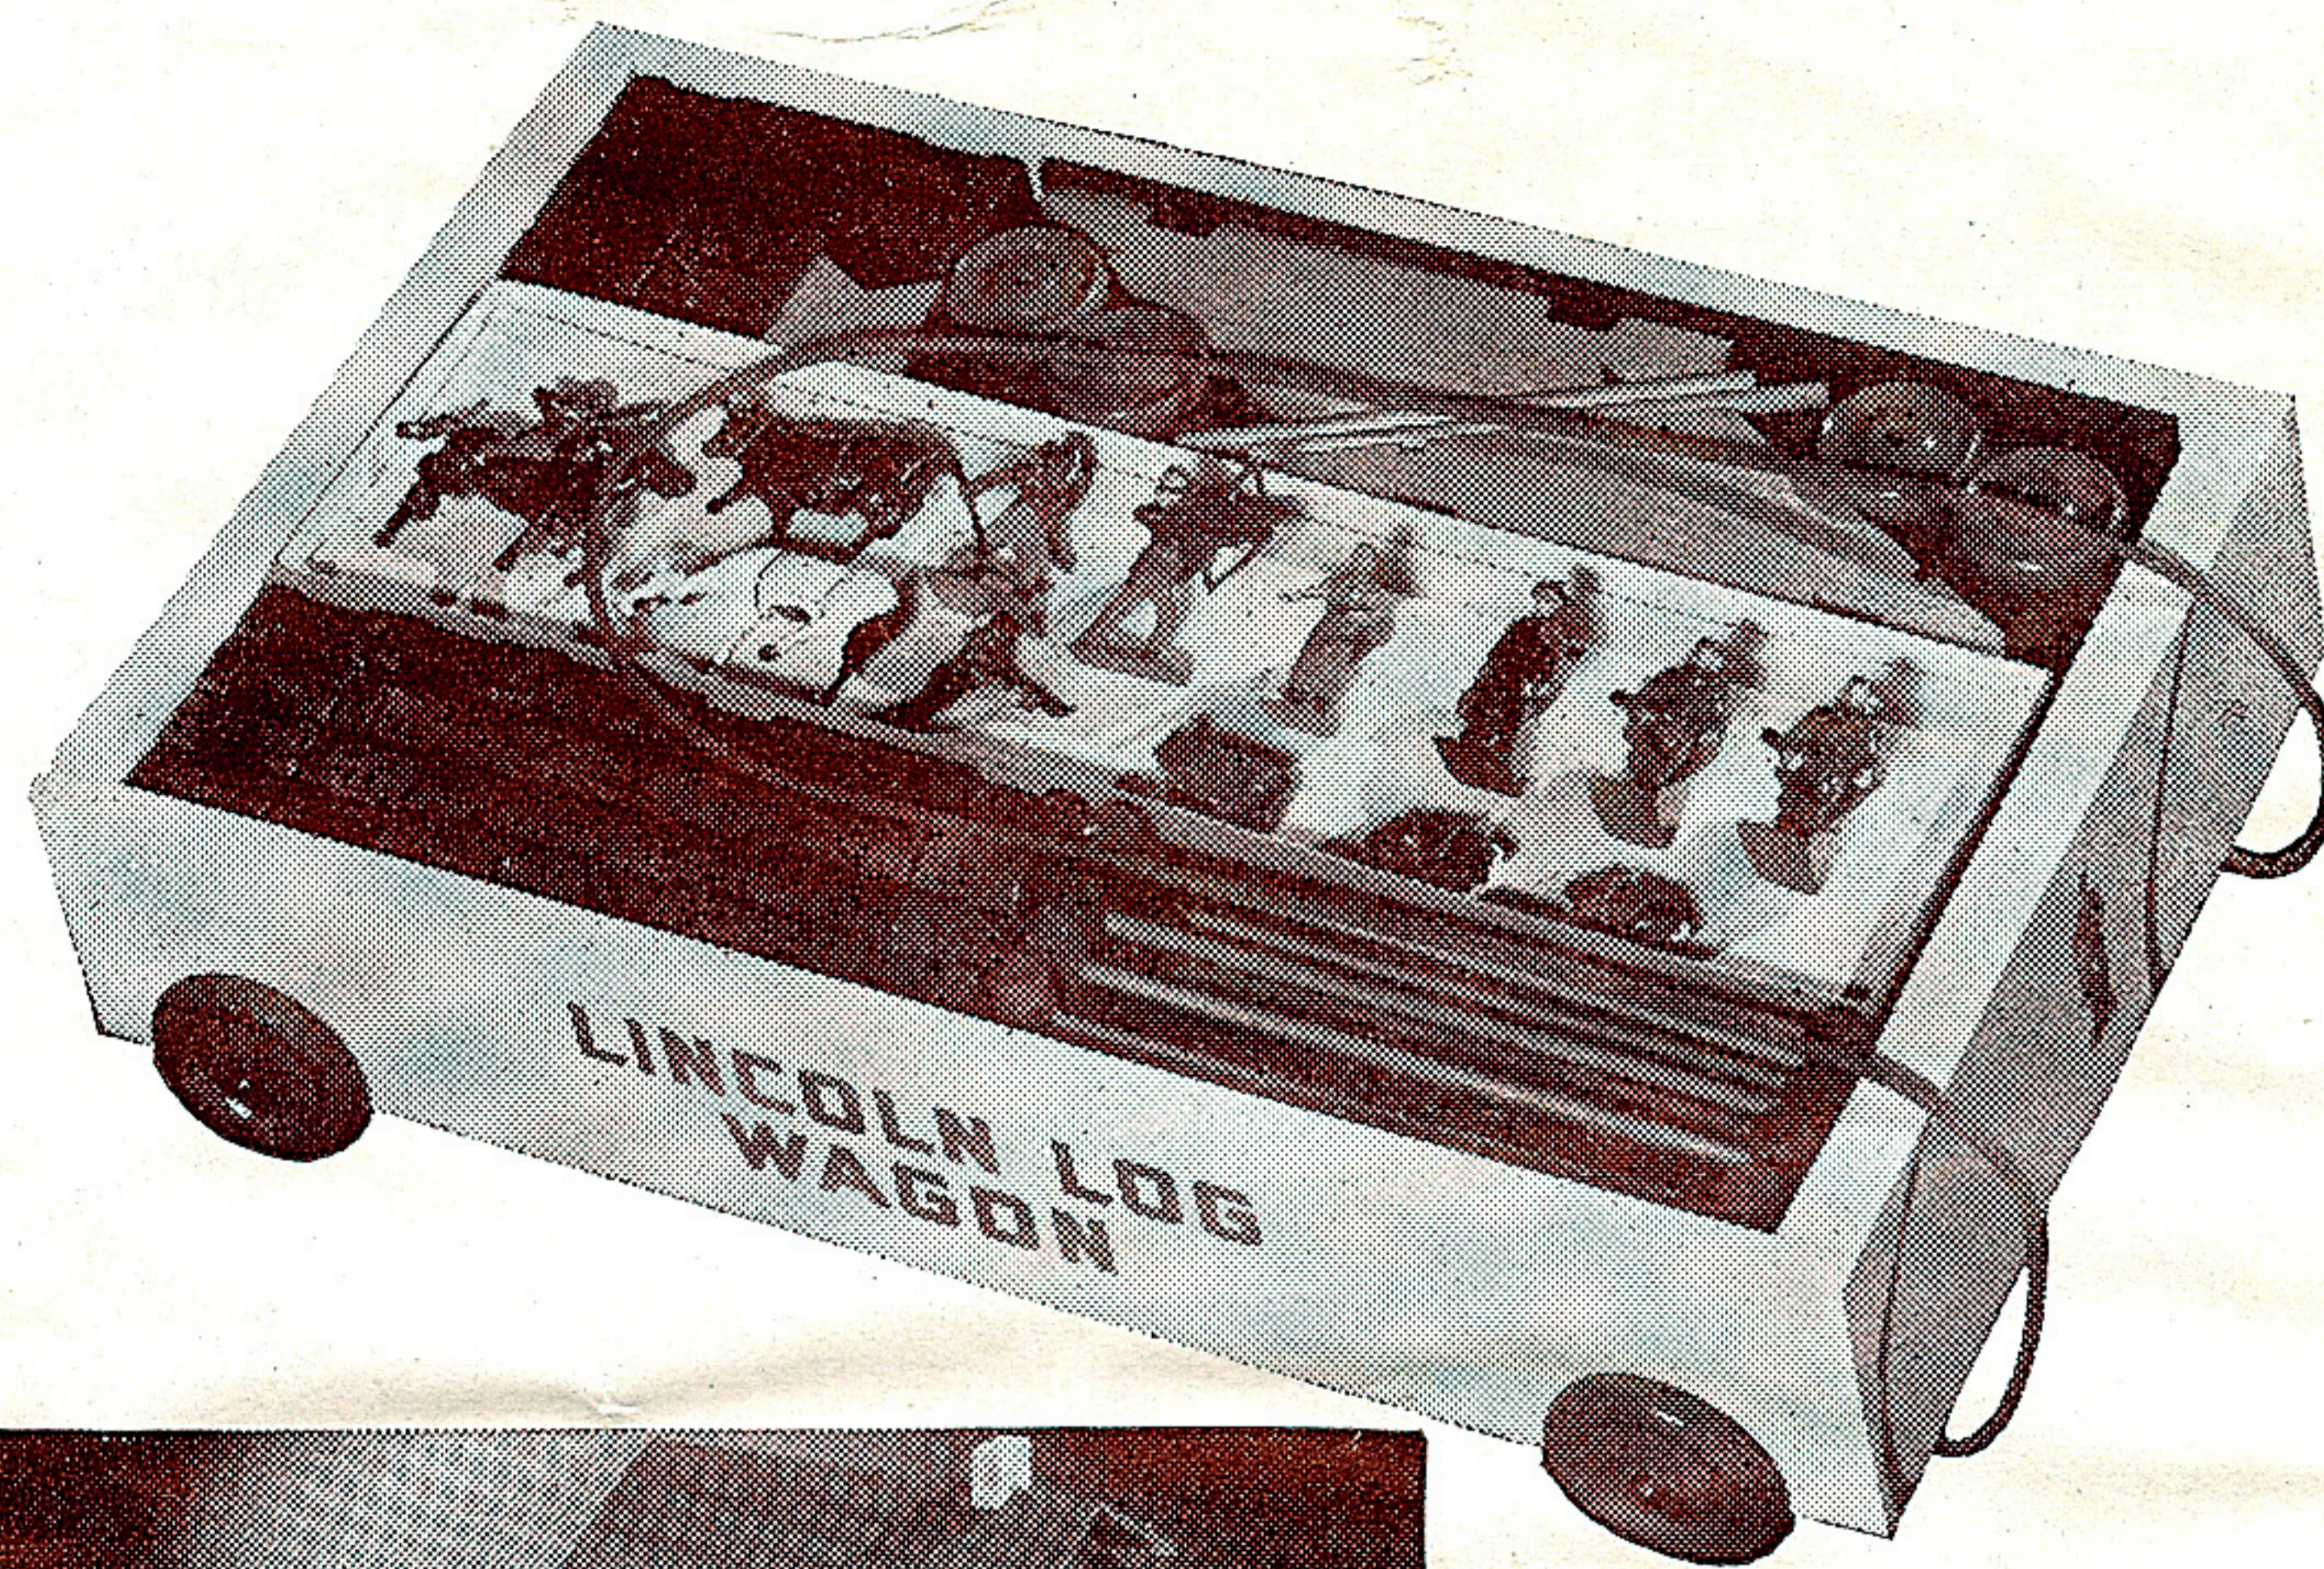

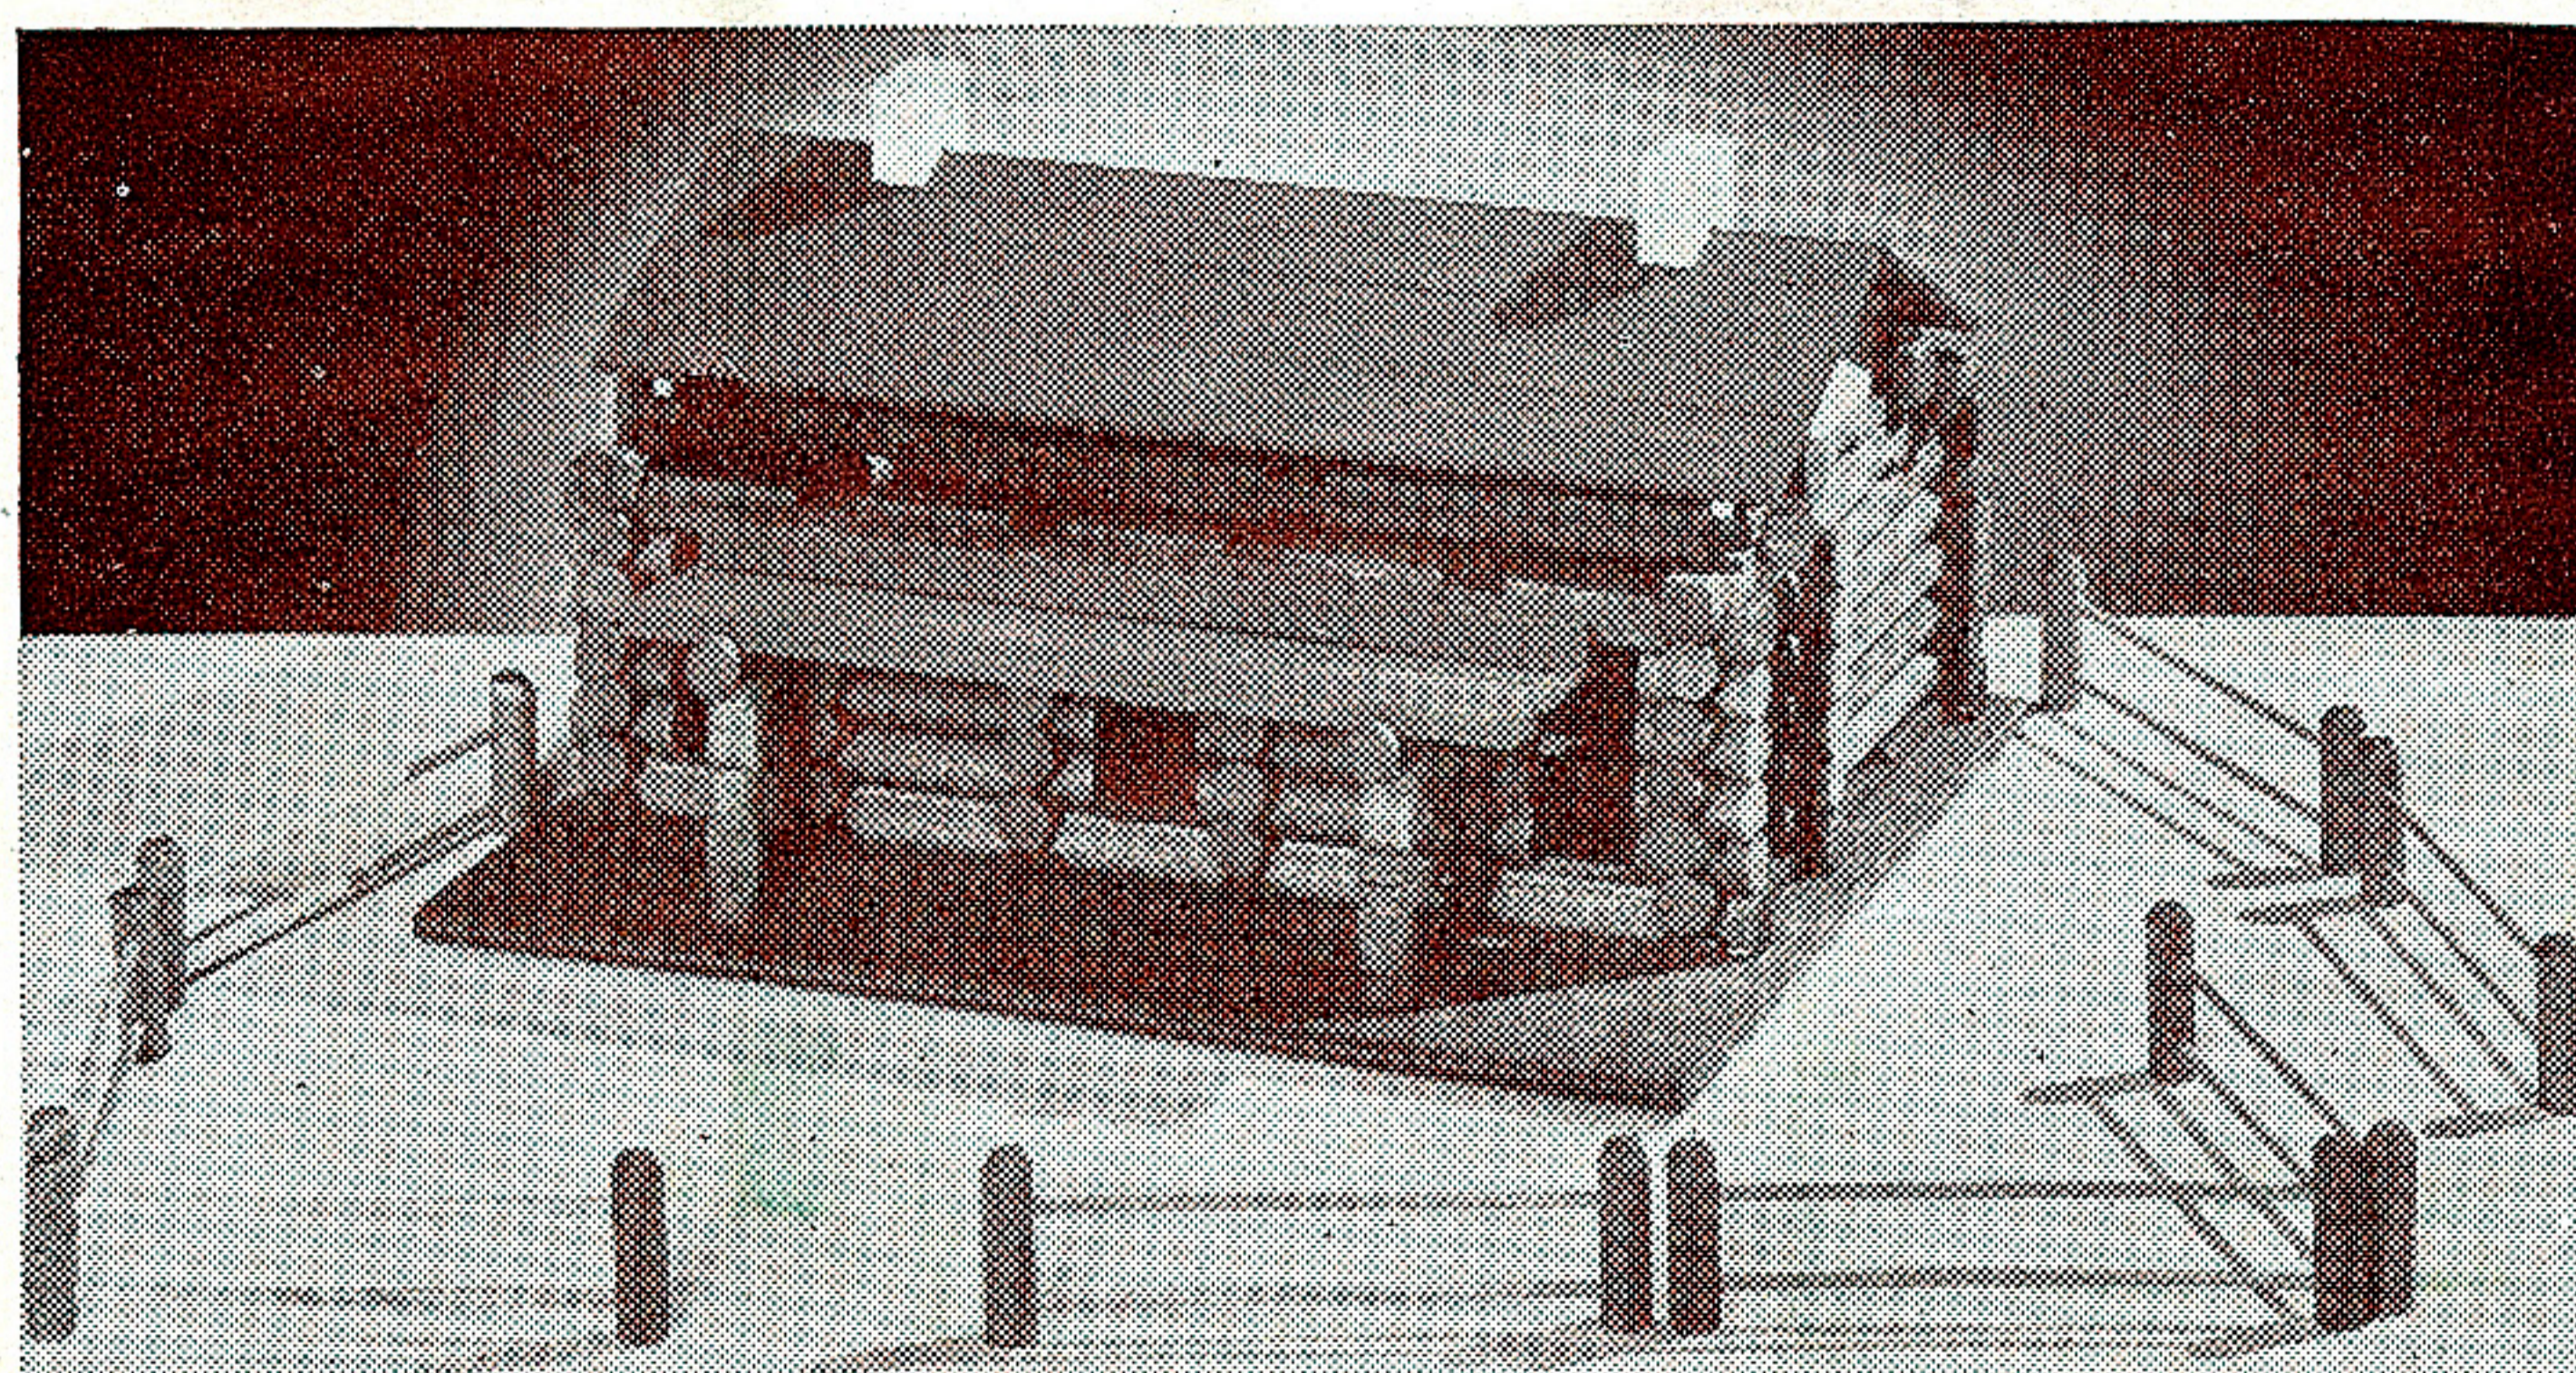

The Wagons shown on page 5 in this catalogue were so well received at the 1940 New York Toy Fair that we have since added two more Wagons to the line.

Aside from their play value, these Wagons meet the need for a wooden container in which to store the toys when not in use, and having wheels, are much easier for a small child to move around than a box without wheels would be.

122 Pieces and Wagon

SET No. 350W—Retailing at \$3.50 is larger than the 2W Wagon, being 18½ inches long, 11⅜ inches wide and 4¼ inches high with wheels. It contains 105 Large Logs and Timbers from which may be built the same structures as can be made from the 2W Set. In addition there are 4 sections of fence beautifully enameled in orange and green, with 13 unbreakable Metal Figures of just the right size to use with the Logs and Timbers, namely, two Pioneers, Farmer and Wife, two Indians on foot, one Indian crawling, one mounted Indian, Horse, Cow, Sheep and two Pigs, contributing greatly to the play value of these sets. Each Set weighs 8 lbs. 2 oz. They are packed, 6 sets to a carton weighing 52 lbs. Design Book included.
