

MODEL SHIPS (Exclusive Import) — Perfect water line models of these world famous, luxurious ships with interesting detail. Carved in wood, painted by hand, their decks, life boats, bridge, stacks, etc. are painstakingly made. Ship. wt. 1 lb. each.

- A 31-508 **S. S. UNITED STATES** 9" long... \$13.50
- B 31-503 **LIBERTE** 8½" long... \$13.50
- C 31-501 **QUEEN MARY** 9¼" long... \$13.50
- D 31-502 **QUEEN ELIZABETH** 9½" long... \$13.50
- E 31-635 **CORONIA** 8½" long... \$12.00

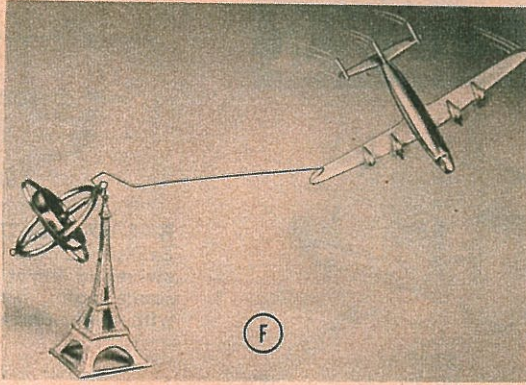

(H)

H 3-57 TILLICUM OCEAN TRAVEL SET . . \$5.00
Float them in tub or tank, push them along the floor. "Very young captains" take real delight commanding this impressive fleet. They're 6 boats of modern design (largest 9", smallest 4") with wooden hulls and white plastic superstructure and an 8" colorful lighthouse. Wt. 3 lbs.

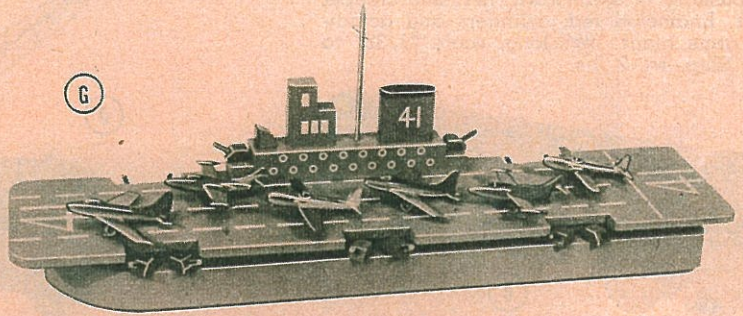

(K)

K 18-145 MECHANICAL LAKE BOAT . . . \$4.50
(4 yrs. up)—Every line of this boat is familiar to the excursionist, frequently seen on lakes and inland water ways. It has 3 brown metal decks with bridge on the top deck. Gleaming white plastic hull 11" long. Spring motor driven. Ship. wt. 3 lbs. (Imported).

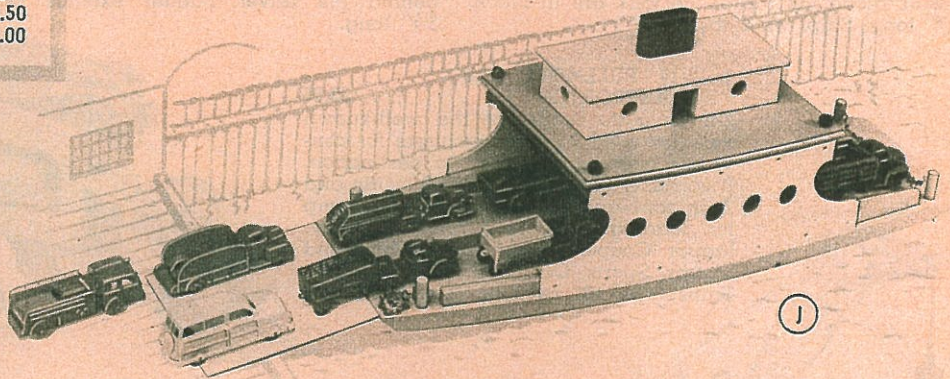

(F)

F 18-266 AERO GYRO-SCOPE (Imported)... \$5.95
(All ages)—With the top attached to one end of the stiff wire and the airplane to the other, the spinning of the top will balance and propel the two as they revolve around the spire of the Eiffel Tower. Tower measures 5¾" high, top 2¼" in diameter. The top can be used separately in order to enjoy its full wizardry. Ship. wt. 2 lbs.

(G)

G 10-12 AIRCRAFT CARRIER WITH AIRPLANES (Exclusive) (3 to 6 yrs.) \$7.50
The hull is wood and to it is screwed the overhanging natural wooden 26" deck, giving this ship strength. She can be shoved and pulled, knocked and abused, and still be fit for service. The deck is roomy, allowing the six airplanes to maneuver freely. Ship. wt. 8 lbs.

(J)

J 11-30 FERRY BOAT WITH TRUCKS (Exclusive)... \$10.00
(3 to 6 yrs.)—It's such fun to own and operate a ferry boat, collecting fares for automobiles and passengers. This sturdy model ferry boat is mounted on small wooden rollers for easy floor navigation. Solid wooden hull with plywood superstructure is painted grey with red and white trim and measures 22" overall. A cargo of 8 small plastic trucks are included but not the ramp. Ship. wt. 7 lbs.

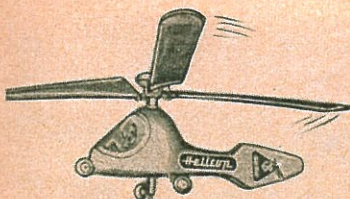

(L)

(M)

L 4-71 MECHANICAL YACHT (Imported)... \$12.95
(4 yrs. up)—Any young sea captain would be proud of this beautiful luxury passenger liner. Her well made, well designed metal hull, 20" long, fairly glistens with spotless white paint and blue trim. She's fast too! Powered by a strong, long running spring motor. Four life boats swing on davits. Ship. wt. 4 lbs.

M 4-61 MECHANICAL OIL TANKER (Imported)... \$12.95
(4 yrs. up)—The skipper of this fast, trim looking ocean-going oil tanker winds up the vessel's excellent spring motor and she is ready for a long voyage. All metal with baked enamel finish in red, black, white and green. Two life boats swing on davits and pennants fly from her mastheads. Hull 20" long. Ship. wt. 4 lbs.

(A)

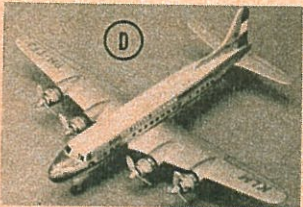

A 18-272 FLYING HELICOPTER... \$3.95
(Imported)—Three whirling 8" plastic propellers lift the 8½" plastic body into the air. Simply place the helicopter on the end of the propulsion stick and pull the handle down, spinning the blades and sending it into the air, where it glides, circles and dips before coming to a three-point landing. Outstanding in performance. Pilot in cockpit. Ship. wt. 4 lbs.

(C)

C 18-48 STEIFF-ROLO-PLAN KITE... \$5.25
Young and old will find it delightful and thrilling to fly this unique tailless cloth kite that has been a true and tried European favorite for years. Made in a gay combination of red and yellow muslin with a strong takeapart wood frame, measuring 40" high. Has wooden reel, 300' of cord and cloth carrying bag. Imported. Ship. wt. 2 lbs.

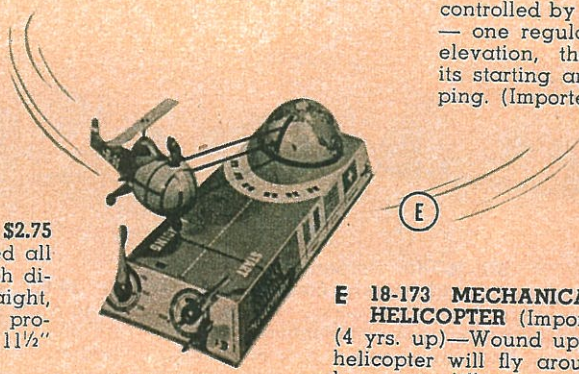

(D)

D 18-139 KLM PLANE Wt. 2 lbs. \$2.75
(Up to 6 yrs.)—Beautifully finished all metal DC 6. Runs along floor with direction controlled by buttons, straight, left circle, or right circle. Its 4 propellers spinning as it goes. Has 11½" wingspan. (Imported.)

(G)

G 17-268 TRANS WORLD AIRLINER Wt. 3 lbs. (Imp.) \$5.95
(Up to 6 yrs.)—An all metal twin-motor airliner with 15" wingspan. Has spring motor to go along the ground or will by its propeller power fly in circles suspended on string with wheels retracted. Has port and starboard signal lights that flicker automatically for night flying. Battery included.

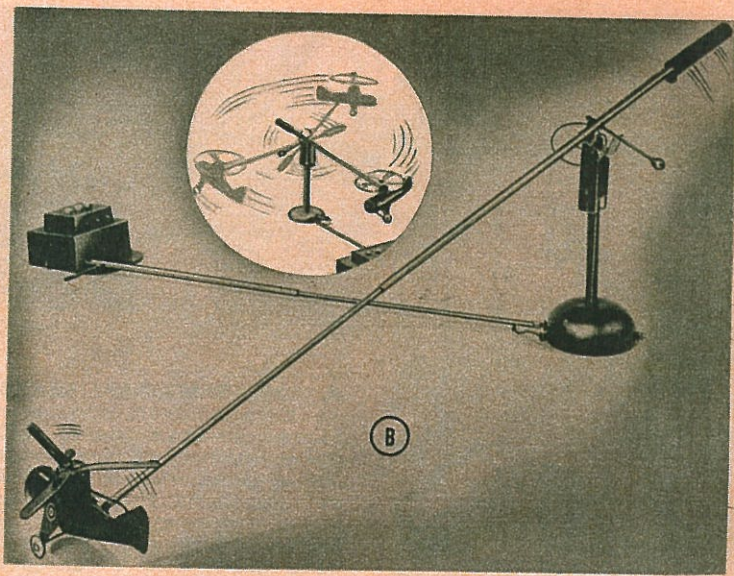

(E)

E 18-173 MECHANICAL HELICOPTER (Imported)... \$2.00
(4 yrs. up)—Wound up, this captive helicopter will fly around its metal base at different elevations and stop at any point—all by lever control. Base 8" long. Ship. wt. 2 lbs.

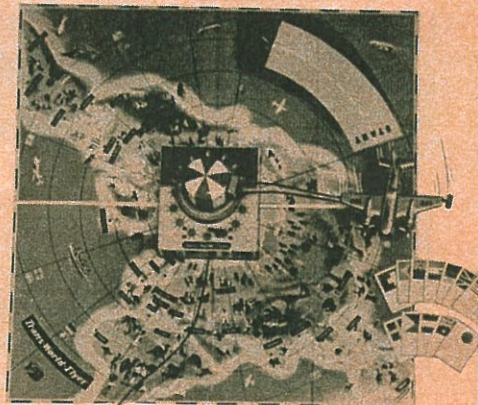

(H)

H 4-4 PAN AMERICAN PLANE... \$4.75
(Up to 6 yrs.)—An all metal 4-propeller friction-driven floor model. Bears insignia of PAA. Has landing wheels that in spinning run the plane forward. Port and starboard lights controlled by switch to flashlight battery (included). Has 19" wingspan. Ship. wt. 4 lbs. (Imported)

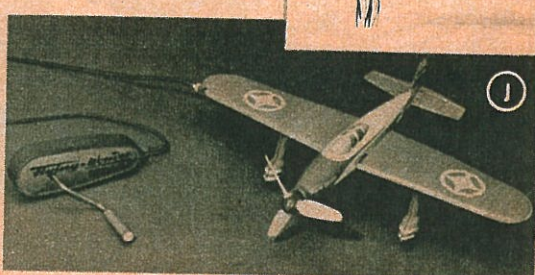

(B)

B 18-323 CAPTIVE HELICOPTER (Imported)... \$15.00
(8 yrs. up)—By push button control this electric, battery-operated, 6" all metal, helicopter can be made to fly in circles 50" in diameter around its metal stand. Actual flight keeps both hands busy, one operating the 3 speed button controlled panel, the other the joy stick. Practice enables forward or backward flights of varying speeds, also hovering or landing with propeller rotating constantly. Battery included. Ship. wt. 5 lbs.

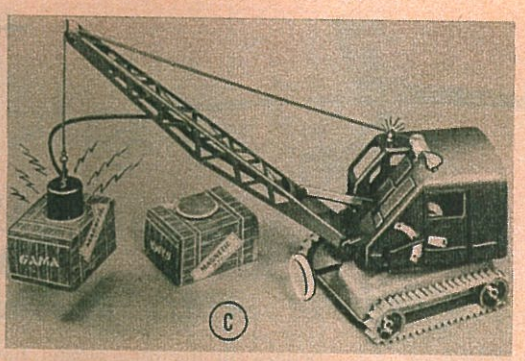

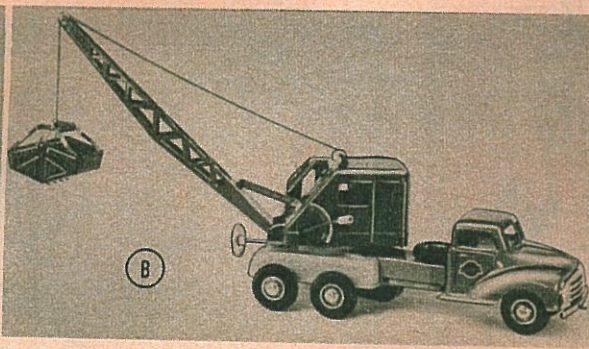

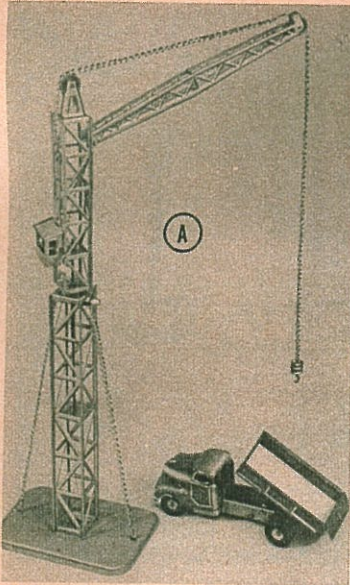

(F)

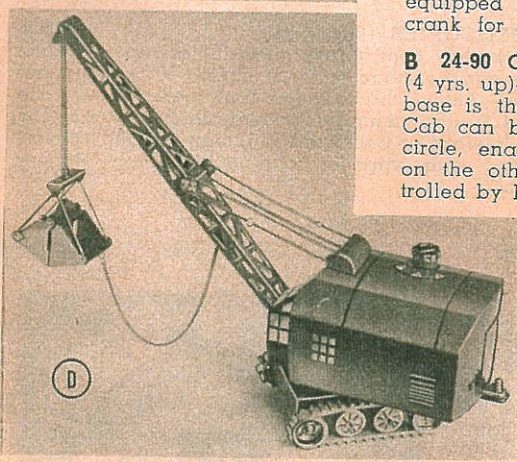

(J)

J 18-303 FLYING WONDER PLANE (Imp.) \$4.50
(8 yrs. up)—A young pilot actually flies this trim, metal fighter plane by turning the crank on the drive box, gaining speed slowly until the plane rises. Once airborne, the plane zooms around the pilot in a circle, held captive by a wire spiral, attached to the wing tip. Wire can be stretched from 3 to 10 yards for longer flights. 13½" wing-span. "Airfield" must be smooth, hard surface. Wt. 3 lbs.

A 24-96 STATIONARY CRANE & TRUCK (Imported) \$3.50
 (4 yrs. up)—An operating hoist to help make the ship yards and construction jobs more fun. The all metal crane measures 16" high with a swinging boom 9" long. Hand crank controls raising and lowering of the hook and turning of the tower. Boom may be secured in four elevations. Six-wheeled 6" all metal dump truck, equipped with front drive friction motor, has crank for dumping action. Ship. wt. 3 lbs.

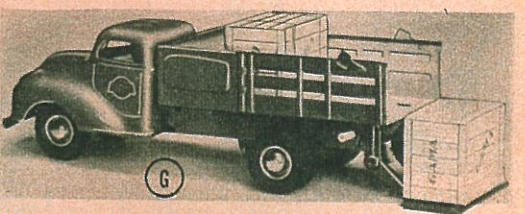

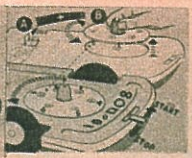

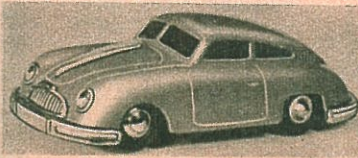

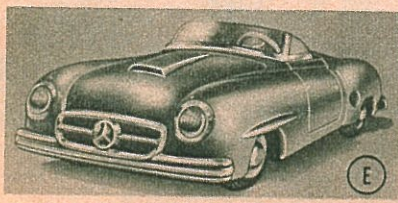

C 4-9 ELECTRO-MAGNETIC CRANE (Imported) \$4.75
 (4 yrs. up)—Electro-magnetic attraction provides the pickup power for the hand-operated 12" metal boom on this new crane. Gears are housed in the revolving red plastic cab, mounted on metal tractor base with rubber treads. Red light on top of cab lights when magnetic attraction is in force. Crates and battery included. Ship. wt. 4 lbs.

B 24-90 GRAB BUCKET TRUCK (Imported) \$5.75
 (4 yrs. up)—On this rubber-tired six-wheel truck base is the revolving cab of the grab bucket. Cab can be turned to operate in a 12" radius circle, enabling it to load on one side, dump on the other. Bucket level and operation controlled by lever and hand crank on the exterior of the cab. 12" all-metal truck base has friction motor. Blue, red and gray. Ship. wt. 4 lbs.

D 24-31 CLAM SHOVEL (Imported) \$7.95
 (4 to 8 yrs.)—The opening, closing, lifting and lowering of the clam-digger shovel is operated entirely in a most efficient and realistic manner by a spring driven motor... a new and very professional feature. Made entirely of metal with green and grey cab turning on a rubber-tired tractor base. 14" overall with red boom fully extended. Ship. wt. 4 lbs.

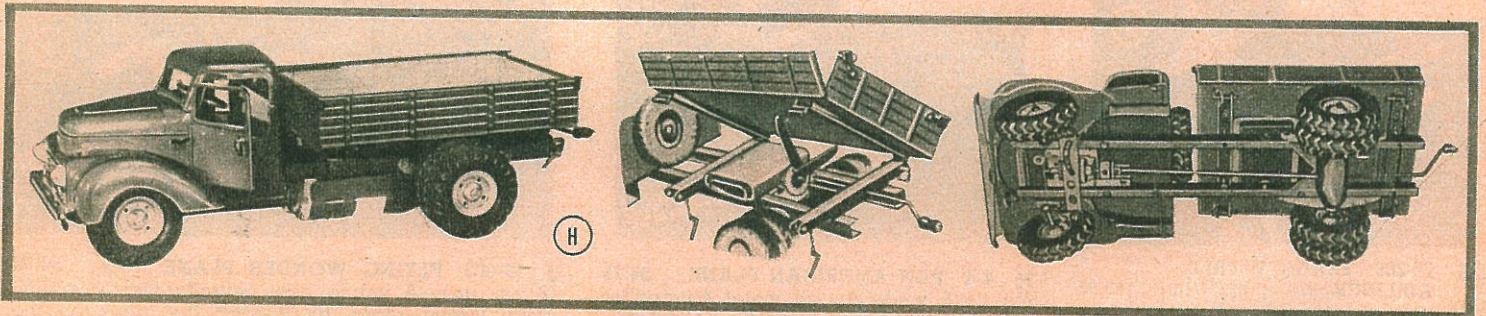

WHEN ORDERING FROM CATALOG, BE SURE TO STATE ITEM NAME AND NUMBER, COLOR AND SIZE WHERE NEEDED, AND SHIPPING WEIGHT AND PRICE.

E 4-21 MERCEDES SPORTS CAR (Imported) \$2.75
 This streamlined wind-up Mercedes with "knee action" front wheels features a workable steering wheel that permits a general route to be selected before car is released. Brakes keep the wheels motionless while winding. Instrument panel has clutch and 3-way gearshift. A gleaming varnish finish covers its 7" length. Ship. wt. 2 lbs.

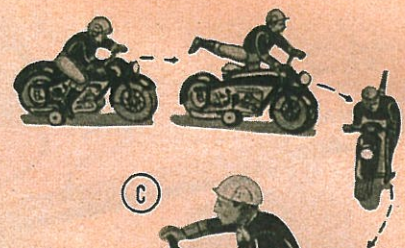

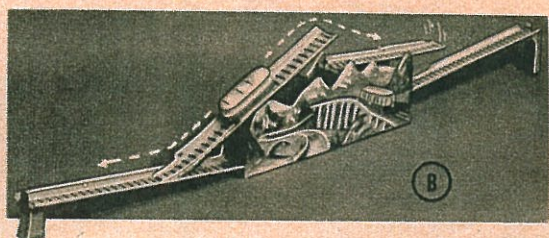

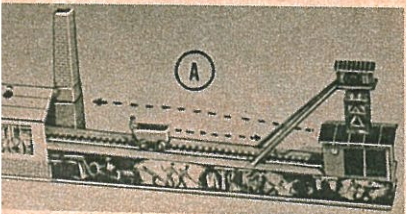

F 24-108 SIX-MOBIL (Imported) \$3.50
 (4 yrs. up)—Appropriately named from its road patterns, this 8" all metal, rubber tired, spring-driven car will automatically travel a straight line, circle, oval, figure eight, etc., by simply setting the direction indicator to the course desired. Has starting lever. Body finished in bright enamel. Bumpers, head lights and grill nickel plated. Wt. 2 lbs.

G 24-63 TAILBOARD-LIFT TRUCK \$3.00
 (3 to 5 yrs.) (Imported) A brightly enameled all metal, 6-wheeled, rubber tired, 12" open bodied truck with sturdy friction drive motor and featuring a crank-operated tail-board for the loading and unloading of imaginary heavy freight. Front wheels steerable. 4 lbs.

H 12-10 MECHANICAL DUMP TRUCK (Imported) \$10.95
 (5 yrs. up)—This very fine 15" all metal 6-wheeled dump truck has big truck realism. Driven by strong spring motor with forward, neutral and reverse gears, also universal joint and functioning differential. Has battery operated lights and horn, removable rubber tired

wheels with a spare. Doors and hood open. Hand crank tilts body to dump load right or left through the sides that lock or swing open. Entire vehicle can be disassembled even to the motor and wheels with the screw driver and wrench included. Ship. wt. 7 lbs.

18-133 COAL PLANT SHIP Ship. wt. 2 lbs. . . . \$2.50
 (5 yrs.)—Traveling by spring action back and
 forth between the coal hopper and the generating
 station (13 1/2"), the little car appears to perform
 an important job of transporting the vital
 fuel. Made of lithographed metal, has spark burn-
 furnace and realistic smoke makers. Imported.

17-407 MOUNTAIN RAILWAY (Imported) \$3.00
 (5 yrs.)—Wind up the 3 1/2" spring driven
 and it will make many round trips from one
 end of the metal track to the other. A 42" trip by
 going through the mountains in one direction and
 the mountain on the return trip. About 10
 round trips on one winding. Ship. wt. 2 lbs.

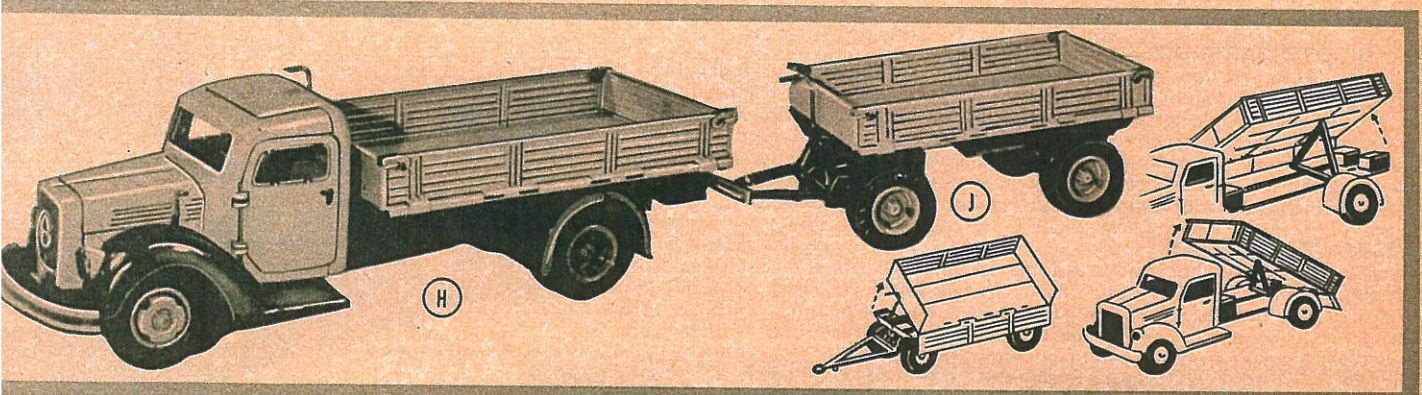

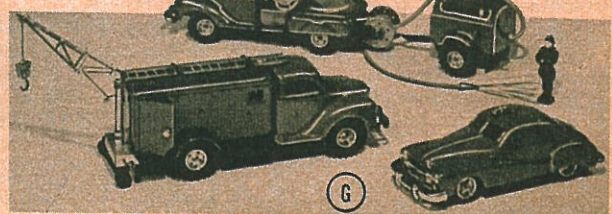

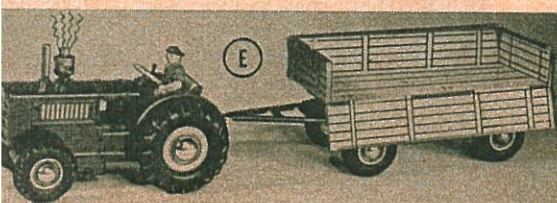

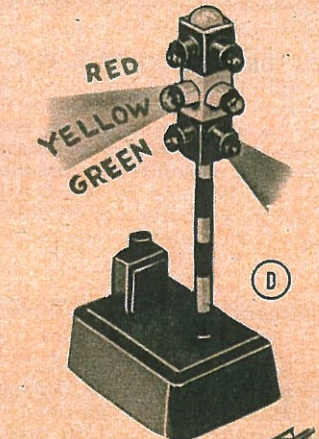

12-43 MECHANICAL MOTORCYCLE (Imp) \$3.95
 (5 yrs. up)—A wind up mechanical marvel with
 several levers. One lever permits the machine to
 travel in one direction while the rider remains seated and the
 other starts it forward to travel in endless
 circles while the rider remains seated and the
 third lever causes the machine to automatically
 dismount in its forward flight, the rider to dismount,
 and momentarily and then remount as the ma-
 chine starts forward again to make other circles
 as the rider continues to mount and dismount.
 Overall. Of lithographed metal. Wt. 2 lbs.

12-70 TRAFFIC LIGHT (Imported) \$6.00
 Cast a signal tower to direct traffic at the
 driver's whim. All metal 11 1/2" high having green
 and a black and white column. The red,
 yellow and green lights changing in correct se-
 quence are electrically lighted by a hand switch
 and are located on two adjacent sides of the
 tower. With battery. Wt. 2 lbs.

**E 4-86 MECHANICAL SPARKING TRACTOR
 & TRAILER** (Imported) Wt. 3 lbs. \$6.75
 (5 yrs. up)—Wind up the front crank handle of
 this 7" metal tractor, throw the lever forward and
 the machine starts, ejecting flint sparks, from the
 exhaust on the hood, while the driver sits alertly
 at the wheel. Open-bodied, metal trailer with
 crank handle for tipping and sides that can be
 dropped is attached to tractor. Attractively painted
 and have rubber tired wheels. 17" long.

F 4-52 DARE DEVIL RACER (Imported) . . . \$3.00
 One of the popular stunts at the Carnival Circus
 —a daredevil driver races a high powered car
 within a bowl-like structure starting at the base
 and gradually climbing in circles around the
 sides until he nearly reaches the top. This repre-
 sentative miniature (7 3/4" diam.) is a plastic bowl
 and 3 1/2" metal wind-up racing car. Wt. 2 lbs.

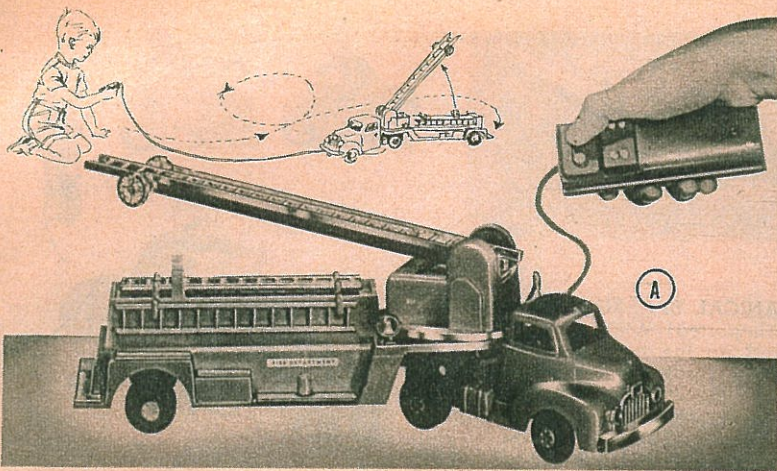

G 3-46 FIRE DEPARTMENT (Imported) . . . \$8.50
 (4 yrs. up)—In response to the fire alarm, out
 comes this up-to-date equipment. First the 6" Fire
 Chief's car, friction driven, with its siren clearing
 the path. Next the spring driven 8" emergency
 truck with its hand operated derrick and ladder.
 Last but not least the spring driven aerial ladder
 truck with water pumper trailer measuring to-
 gether 14" overall. Its ladders mounted on a re-
 volving base can be extended 17" while water from
 the pumper can be sprayed some 8'. All are bright
 red metal with rubber tired wheels. Wt. 5 lbs.

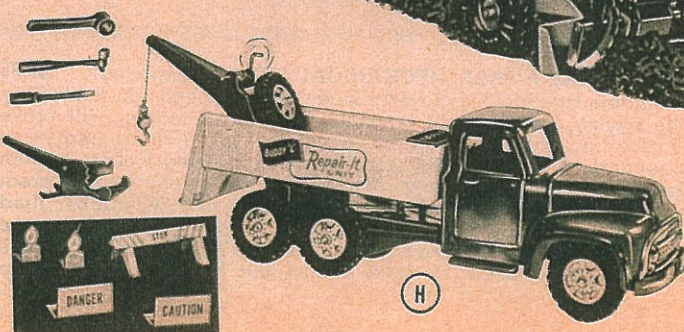

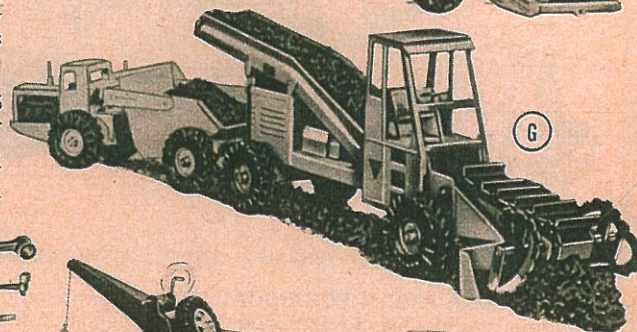

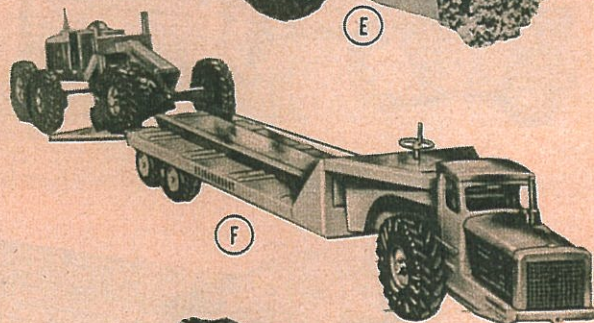

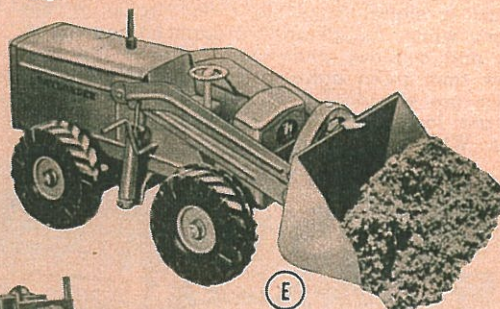

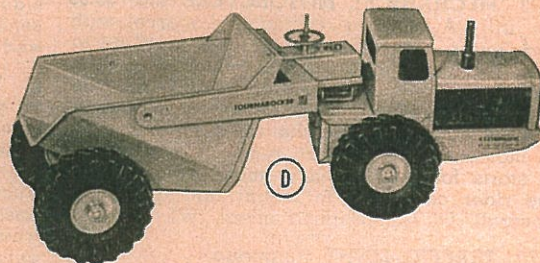

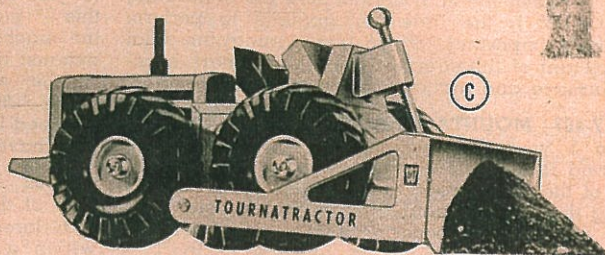

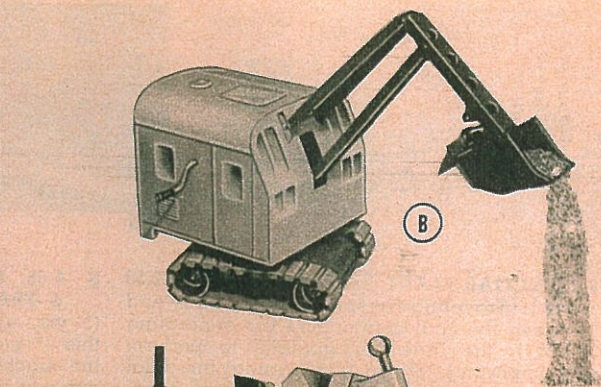

12-43 TAKE-A-PART MECHANICAL TRUCK (Imported) . . . \$9.95
 The suitable age for this cleverly made truck depends on the ability
 of the owner. For the right boy this mechanical marvel will prove
 an interesting challenge. Briefly, it can be taken apart into some
 separate pieces and re-assembled without using tools to tighten
 open a single screw or a bolt. It is made chiefly and in great
 part of plastic with gray body, blue chassis and red rubber tired
 wheels. When wound up it runs forward or backward with reverse
 motion supplied by bumpers. It has electric lights. Its cab doors
 open and latch closed. By lever action the body raises to dump

right or left through the tail board. The mechanism that makes all
 this possible will prove interesting and informative to the mechani-
 cally minded. To enhance the acceptability of this item it will be
 delivered assembled. It can be taken apart and re-assembled many,
 many times. Measures 13 1/2" overall. Ship. wt. 3 lbs.

J 12-46 TRAILER \$4.95
 A companion toy for the "Take-A-Part" truck embodying the same
 care for details and refinements. Open body. Both sides and end
 dumping. Measures 7" long. Ship. wt. 2 lbs.

A 24-70 REMOTE CONTROL FIRE TRUCK.....\$10.00
 (5 yrs. up)—Over 16" long, the truck runs in forward or reverse and its ladders can be raised and lowered all by remote control. In horizontal position, the control box governs direction while in a slightly tilted position it activates the aerial ladder. Dual rubber wheels provide smooth quiet operation, and metallized accessories and trim sparkle against the plastic engine body. Powered by two flashlight batteries, it can be operated with enjoyment by youngsters of all ages. Batteries not included. Ship. wt. 3 lbs.
 2-1 Set of two Batteries required for above..... .30

B 1-1 SAND DIGGER (Imported).....\$6.00
 (3 to 5 yrs.)—Not one of the biggest but one of the best ever made! By turning crank handle on side of all-metal cab, the shovel digs in, raises its load, and dumps it—automatically. Cab revolves by hand power on its rubber, tractor-treaded base. With shovel fully extended, measures 18" overall. Ship. wt. 6 lbs.

C 27-48 TOURNATRACKTOR-DOZER.....\$7.95
 A brand new scale model of one of the most productive modern machines. The big, powerful front blade is used for pushing and grading, and the pivoted tow-bar on the rear for hauling. An outstanding feature is the spring-latched positive blade back that holds the blade wherever it is positioned. Yellow baked enamel finish. 15" long overall with super size rubber tires. Ship. wt. 9 lbs.

D 27-23 TOURNAROCKER DUMP TRUCK Ship. wt. 7 lbs.....\$6.95
 (4 yrs. up)—A motorless scale model of the real "Tournarocker" dump truck authorized by LeTourneau. It's a strong, all metal, rubber tired toy for real hauling and dumping, just like the big machines that do road-building work. Has manual hoist for rear-dump hopper. Bright orange finish. 18" overall.

E 27-2 HOUGH PAYLOADER Ship. wt. 8 lbs.....\$7.95
 Scale model of the famous Hough "Payloader". The loaded bucket is raised to desired height by a crank, then catch is tripped to dump load. Payloaders dig, bulldoze, level, grade, etc., and can handle anything that will fit the bucket size and lifting capacity, just like the real machine. Front wheels are steerable. Heavy gauge steel construction. Red enamel finish. Length 18".

F 27-26 TOURNAHAULER Ship. wt. 10 lbs.....\$7.95
 A "Super Truck" styled after the famous "Tournahauler", ruggedly built for carrying heavy equipment from one job to another. There is a ramp which pulls out from under the platform and permits equipment to roll up onto the truck. The ramp when pushed in locks the tail board to prevent load from rolling off, a hand cranked winch operates a cable and hook for pulling extra heavy loads onto the truck. Truck of green enameled steel with rubber tires, measures 30" overall. (Roadgrader being hauled aboard not included.)

G 27-89 TRAVELOADER.....\$14.95
 A working model of the famous Adams Traveloader. As the motorless wonder is pushing along, its 15 rotating, front shovelblades, powered by hand crank, chew into dirt, gravel, snow, etc. passing such material onto a ribbed rubber conveyor belt which carries it up and high to the rear from which point it automatically falls into a waiting truck. Made of heavy gauge steel, enameled a bright orange. Heavy duty 3 3/4" rubber tired wheels. Length overall 30". Tournarocker Truck, being loaded, not included. See above. Ship. wt. 14 lbs.

H 27-35 BUDDY 'L' REPAIR TRUCK.....\$6.00
 A mobile repair truck equipped to take care of on the road 'break-downs'. Accessories include metal bumper jack that actually jacks up any corner of the truck. Three hard rubber tools, hub cap wrench, hammer and screwdriver that may be used to remove 'flat' tire and replace with spare tire on boom. Metal tool box in truck body. All 6 wheels removable and interchangeable. Wrecker boom with hook for towing. Truck of steel with rubber tires 24 1/2" long. Work signs—caution, danger, etc.—included. Ship. wt. 9 lbs.
