ALL-FAIR TOYS and GAMES

"Lots of Fun"
—Ruth

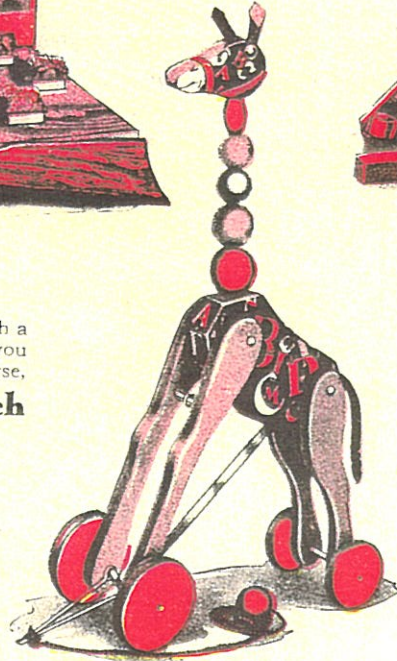

Mr. Q. Duck, jolly William Goat and Sambo with his Mule will make you laugh and laugh, and the games are just the thing for rainy days or cold winter evenings.

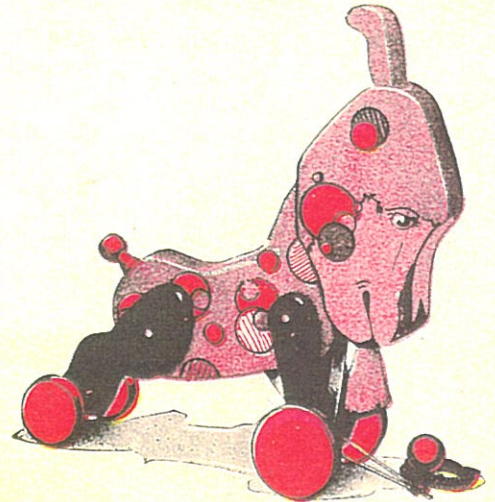

Which would you rather be? Babe Ruth or Bill Tilden? With the combination Tennis and Baseball Game you can play either one in a most realistic way. Rainy days won't be tiresome with this game to play with. Billy just loves his!

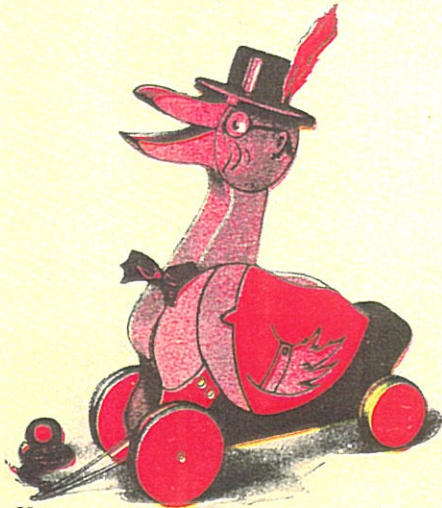

Pop and Plop
Have a lot of fun shooting wild animals with a pop gun. The animals stand on numbers and you score when you shoot one off. The lion, of course, counts most. Just as exciting as real hunting.
\$1.00 each

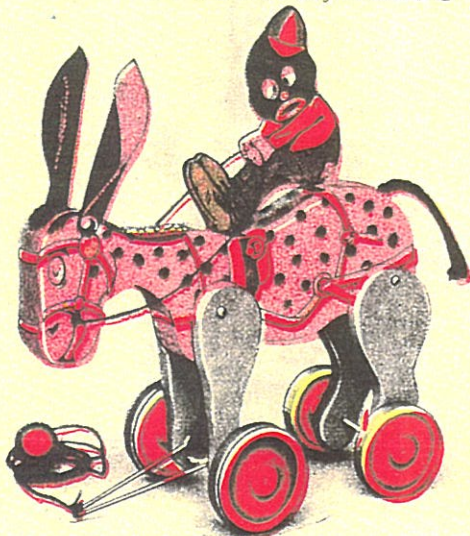

Gosh, what a long neck this animal has and how he twists it as he moves along—he's the ABC Giraffe from the wilds of ABCinia. He doesn't make any noise because giraffes, you know, altho they have a long neck, have no voice.
\$1.00 ea.

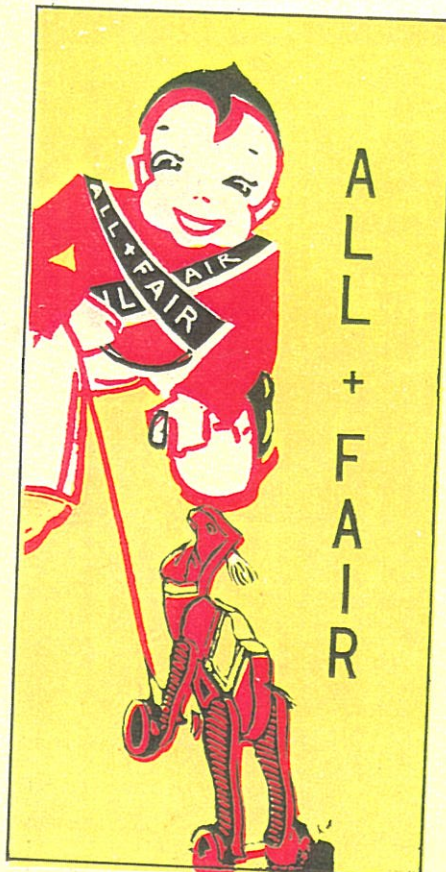

Look out for those horns, cause William Goat sure does like to butt. See that Goatee? Mr. Goat is very proud of it and if you are good, he'll let you stroke it—but watch out for those horns.
\$1.00 each

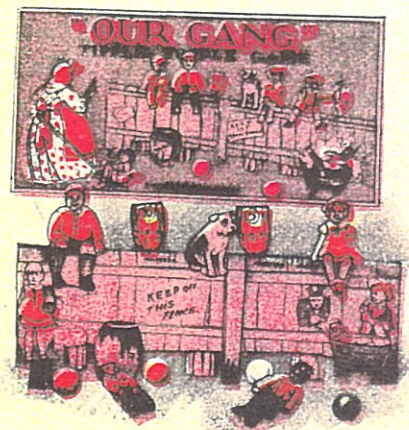

Here's Mr. Q. Duck all dressed up in a loud bow tie and a loud voice. He's got a feather in his hat too that will wave gayly as you pull him along. Duck is usually expensive but this one's only
\$1.00

Talk about roughriders!—Sambo's mule sure does throw him up and down to beat the band. But Sambo is a good rider and stays on over all the bumps. You'll laugh with glee at his antics.

STEELCRAFT

PLAY VEHICLES

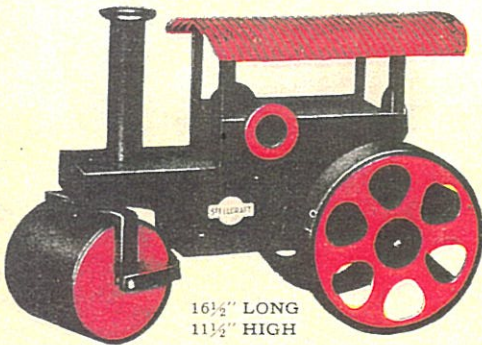

You'll want to ask for one of these dandy play autos or airplanes in your letter to Santa Claus. They're built just like the big ones that you see on the street with real rubber tires and ball bearings to make them run easy. What fun you will have with these Steelcraft vehicles.

2-Ton Mack Dump Truck

For Children 3 to 7 Years

In every way this Mack Truck is like those big fellows you see so often. It is equipped with springs, adjustable pedals, bumper, lights, etc., and has a clever dump body with a swinging tail-gate. This truck will carry up to 150 lbs. Baked enamel finish in orange, green and black. 48 inches long, 20 inches wide **\$13.95 each**

All you young engineers who receive a Lionel Train for Christmas are mighty lucky boys, because it is almost the same as if you were sitting in the cab of the 20th Century Limited, and operating a cross-

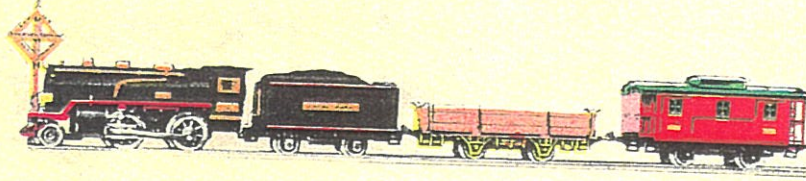

he stops it in front of a big station. Wouldn't you like to have a railroad like this? A small track and train can gradually be built up into a real railroad. Be an engineer! This is one of the low-priced "O" Gauge trains (No. 292) electric lighted with it . . . **\$7.00 each**

It is Christmas morning, and Billy is the luckiest boy in the world, for he has received a Lionel Electric Train for Christmas. The kind of electric train that you can make stop and start, go backwards, and slow down without touching it. He has electric semaphores that operate when the train passes, a crossing gate with a red light, a station all blazing with electric lights. Over the switches the train goes, and you see this. **\$11.25 ea.**

How is this for a low-priced train? (No. 229.) It is equipped with one of the new "O" Gauge Steam Type Locomotives and Tender. Be sure you see this. **\$11.25 ea.** If you prefer a passenger train, No. 232 is the same price, but is equipped with passenger cars.

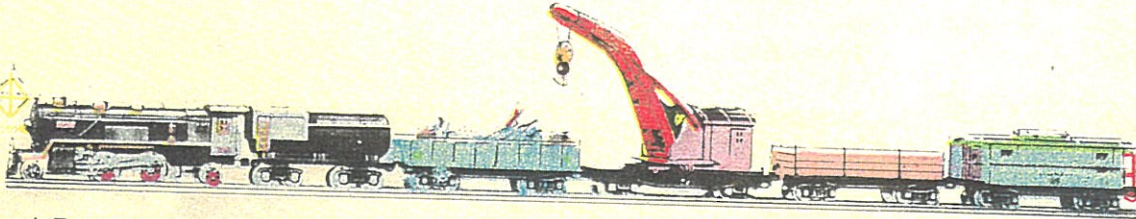

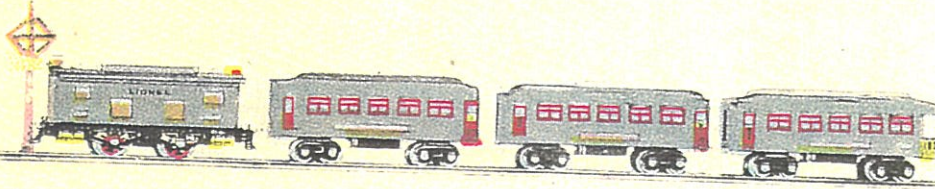

We'll bet you wouldn't mind owning this train No. 296, beautiful blue color, two head-lights, lights in the cars, and plenty of track and a warning signal. Use a Type B Transformer with this. It is only

country flyer. And this year, Billy knows what it means to operate Lionel Trains because he received one last Christmas. This year, he expects a lot of new accessories, switches, lamp posts, new cars, etc.

Maybe you prefer the "Lionel Standard" Track—2¼ inches wide—if you are a little bigger boy or have more room. Billy and Ruth have a wonderful time with this new train. Brand new Steam Type Locomotive and Tender, 3 wonderful cars, and a lot of track. You can have this with remote control, if you like, or in a passenger train (No. 385). And the nice part is the price is only **\$27.50 each**

Here is a wonderful train, a bigger value than ever. (No. 352E.) Boy! You can have a lot of fun with this. It will be the start of a real railroad. Talk it over with Dad. He will enjoy playing with it as much as you do. Type T Transformer is the one to use with this. You can stop, start, or reverse this train at any distance from the track by means of No. 81 controlling rheostat that goes with it **\$30.00 each**

This train is a companion freight train for the one right above it. My, there are a lot of cars there! Count them! Five cars! Imagine! An "E" Locomotive ("E" means electric type), you can make it do all sorts of things without touching it, by means of the controlling rheostat **\$30.00 each**

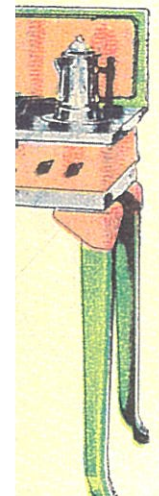

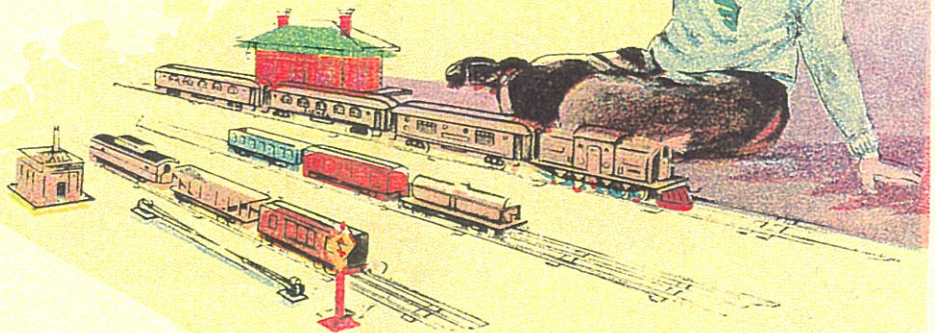

Well boys, here is the train Billy received for Christmas. (No. 396E.) Lionel's famous new Blue Comet Train, the same as the famous Jersey Central Train that runs to Atlantic City. Just look at the wonderful new long Blue Pullman cars with lights inside! The Blue Locomotive! It is all blue,—that is why it is called the Blue Comet. There is no finer Christmas present. No wonder Billy is so excited. Maybe Dad will get one for you! **\$65.00 each**

Hear that Warning Bell ringing? That means danger at crossings. For "O" Gauge or "Lionel Standard", Nos. 069 and 69 **\$3.25 & \$3.50 each**

Gee, Billy, you are lucky getting a Lionel Blue Comet for Christmas! Maybe Dad will buy me one!
