All above packed one kit to a box. Two dozen to a shipping case.

Nos. 3604 to 3607

FLYING MODEL BATTLE PLANES

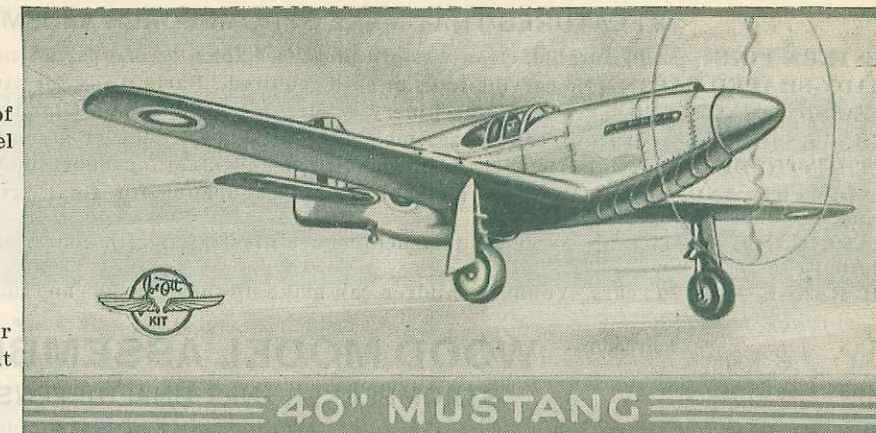

BIG DOLLAR VALUE FLYING MODELS

Three world-beating dollar flying models of modern battle planes that fascinate every model builder.

40-Inch Wing Span Rubber Motor Powered DeLuxe Flying Kits.

Retail \$1.00

The 40-inch Wing Span Planes to retail for one dollar represent the three most talked-about Fighters.

Nos. 4001 to 4003

No. 4001—Mustang N. A.

This is a new Joe Ott model of North America's famous XP-51 pursuit ship, the "Flying Mustang," which is a single seat, single engine job and one of the world's fastest ships. Ott's design has captured the realism of its prototype and produces a large 40 inch model which can be easily and quickly built with the new Ott-O-Former construction kit.

No.	Plane Model	Per Dozen Kits
4001	Mustang	MSX \$16.00
4002	Curtiss O-52	MSX 16.00
4003	Vultee Vengeance	MSX 16.00

Weight 12 lbs. per dozen.

All above packed one kit to a box. One dozen to a shipping case.

No. 4002—Curtiss O-52

One of the most talked-about U. S. Army Air Corps planes is the new Curtiss Observation—O-52. It is built especially for "peeking" duty and has been pronounced remarkably effective. In this new Joe Ott model realism, ease of construction and performance have been combined to an amazing degree. We predict that this Air Corps flying model will be one of the most stable and popular ships of the coming year.

No. 4003—Vultee Vengeance

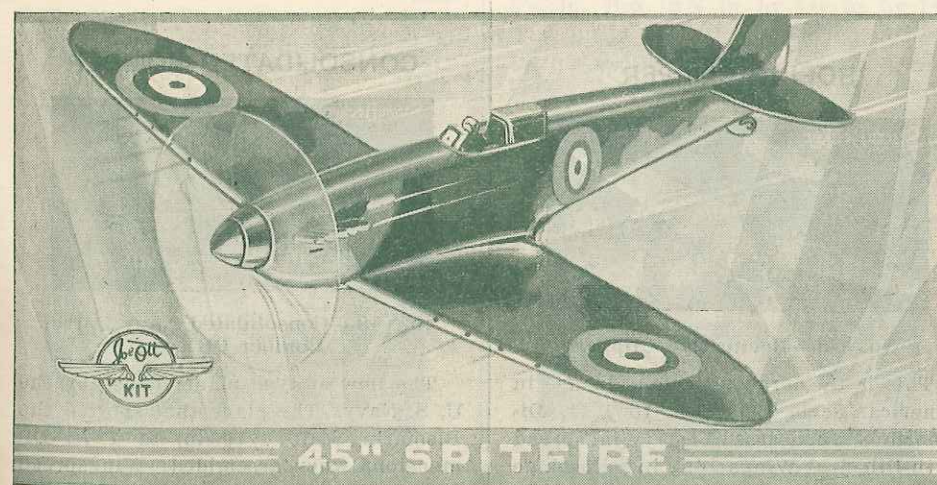

Another fine model in this series—40 inch wing span—is now ready. A terrific fighter and a combination pursuit and dive bomber. Using a 1700 to 2000 H.P. twin row engine, watch for the results this humdinger will turn in when it's turned loose upon our enemies.

TRUE-TO-SCALE FLYING MODELS

These are genuine DeLuxe Flying Scale Models, nothing finer in design, completeness, appearance and performance.

45 Inch Wing Span Rubber Motor Powered DeLuxe Flyer Kits

Retail \$1.50

Nos. 4501 and 4502

The 45 Inch Wing Span Planes represent the Lockheed Interceptor and the Spitfire Pursuit.

No.	Plane Model	Per Dozen Kits
4501	Spitfire Pursuit	KOSX \$24.00
4502	Lockheed Interceptor	KOSX 24.00

Weight per dozen 17 lbs.

All above packed one kit to a box. One dozen to a shipping case.

No. 4501—Spitfire Pursuit

The Spitfire is the famous fighter plane of Great Britain's R.A.F. It is considered the fastest and most maneuverable battle plane ever built in Europe; is powered with a Rolls Royce V-12 engine, and is both well armed and armoured. The Joe Ott model, almost 4 feet across its wings, faithfully reproduces this great ship in scale, combining realism and sensational flying performance.

No. 4502—Lockheed Interceptor

Commonly called the "Bomber Catcher," this twin-motor plane is produced by the Lockheed Aircraft Corporation of California. It is strictly designed for military offensive use, has a cruising speed of 360 miles per hour and a top speed of about 450 miles.

As our picture indicates, it is an interesting and intriguing model for any builder, who will find the job greatly simplified with Joe Ott's plans and instructions and the sensational Ott-O-Formers.

STROMBECKER TOYS

8 FEATURES THAT MAKE STROMBECKER ASSEMBLY KITS DIFFERENT

WESTERN PINE—Solid, durable, clean western pine used for all wood parts—not Balsa Wood!

READY-SHAPED PARTS—No carving tools or skill required. Parts ready for sanding and finishing.

PRECISION-MACHINED—Precision machinery assures ease of assembly for beginners, authentic accuracy for "fans."

QUICK ASSEMBLY—No slow, tedious assembly—more time for play or assembling additional models.

AUTHENTIC DETAIL—Makes models easily identified and ideal for model hobby collections.

SANDPAPER AND GLUE—Glue for assembling and sandpaper for final preparation before finishing are included in all Strombecker Kits.

GRAPHIC INSTRUCTIONS—Assembly instructions are illustrated with charts and diagrams approaching engineering blueprint accuracy.

AGE RANGE—7 to 70 years. Younger children can make up these models and many adults write us "fan" mail.

GILBERT AMERICAN FLYER "O" GAUGE TRAINS

AUTHENTIC 3/16" SCALE MODEL OF B & O ROYAL BLUE LOCOMOTIVE and TENDER WITH BUILT-IN "CHOO-CHOO"

This modern torpedo design streamliner features the new sensational "CHOO-CHOO"—the first and only device that makes electric trains sound like real ones. "Choo-chooing" can be heard over 100 feet away and sound automatically varies with speed of train. Die cast 4-6-2 type locomotive has 6 powerful drive wheels with eccentric arm triple action piston rods, 4 wheel pony and 2 wheel booster trucks. Equipped with Lucite electric headlight and propelled by powerful quiet worm drive. Remote control operation. Tender, pressed steel, Bunker type with imitation coal and ladder. Automatic coupling—rear of tender. Electrical uncoupling. Finish, Royal Blue Enamel, electrically baked.

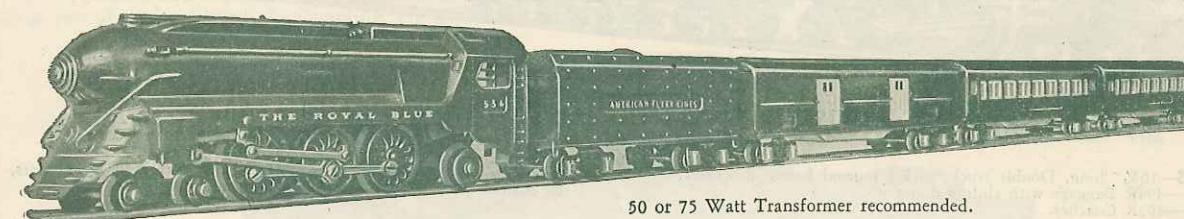

50 or 75 Watt Transformer recommended.

No. 4101 ROYAL BLUE FREIGHT TRAIN—21 Pieces—41 1/2" Long 3/16" Scale Model—Operates on "O" Gauge Track—40" diameter or more STEAM TYPE—TORPEDO DESIGN—WORM DRIVE—REMOTE CONTROL AUTOMATIC COUPLING—ELECTRICAL UNCOUPLING

GILBERT AMERICAN FLYER "O" GAUGE TRAINS

THERE'S REALISTIC THRILLS AND ADDED PLAY VALUE IN THIS
BELL RINGING NICKEL-PLATE SWITCHER

Actual "Switcher" performance takes place when this 3/16" Scale Model "Yard Goat" goes to work. Automatic, electrically operated clanging bell gives a continuous warning when cars are switched from track to track to make up trains. Bell automatically cuts out when locomotive is at high speed. Real action in coupling too, for coupling rod on front of locomotive permits pulling or pushing cars in either direction. Complete details on Train No. 4120.

100 or 150 Watt Transformer recommended.

No. 4120 — NICKEL PLATE SWITCHER TRAIN WITH BUILT-IN ELECTRIC BELL — 27 Pieces — 54 1/4" Long

SEE THIS POWERFUL UNION PACIFIC EIGHT WHEEL DRIVE IN ACTION

Realistic eccentric arm triple action piston rods, side rods and connecting rods with other regulation appointments make this giant locomotive one of the finest obtainable. A four wheel pony truck and a four wheel booster truck give this engine a total of sixteen wheels. The tender has twelve more wheels with double die cast trucks and is an authentic 3/16" scale model of a Union Pacific tender. Both locomotive and tender are finished in realistic locomotive black.

100 or 150 Watt Transformer recommended.

No. 4125 — NORTHERN FREIGHT TRAIN WITH BUILT-IN "CHOO-CHOO" — 27 Pieces — 61 1/2" Long

AMERICAN FLYER ELECTRIC TRAIN ACCESSORIES

A-KOOSTIKIN STATION

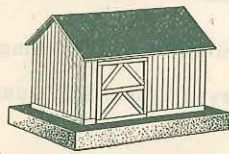

No. 597

Equipped with Tru-Model a-Koostikin. An automatic electric audio announcer. The most outstanding achievement in railroad engineering. Produces true to life sound effects of real railroading—hissing steam, chug of pistons, whistling, train announcing. Controls trains—starts and stops them. Big roomy station with electric light.

No.	Each
597	RRN ★\$9.95

A-KOOSTIKIN TOOL SHED

No. 595

Same operating characteristics as the No. 597 Station.

No.	Each
595	NRN ★\$6.95

PASSENGER AND FREIGHT STATION

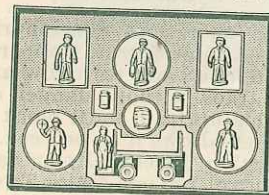

No. 589

Freight section has raised platform and 2 sliding doors. Passenger section has realistic windows and interior illumination. Track terminal included. Size 6x12x8-inches.

No.	Each
589	ORN ★\$3.95

STATION FIGURE SET

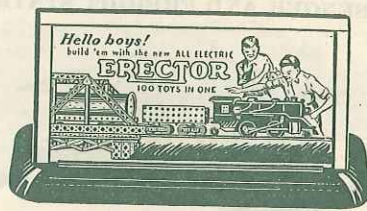

No. 578

Assortment of 6 hand painted R.R. workers, platform truck, 2 milk cans and 1 barrel, all assembled in display package. Use of figures and equipment adds realism to railroad scenes.

No.	Each
578	KSX ★\$1.50

REMOTE CONTROL WHISTLE UNIT

No. 577

Whistle can be operated at same time with block signal system. Not built in tender, permitting all American Flyer tenders to be correctly scaled to engines. Will operate automatically through track strip at any predetermined point and through remote control at any location at any time. Whistle mounted in realistic illuminated billboard.

No.	Each
577	KRA ★\$2.50

WHISTLING EXPRESS CAR

No. 490

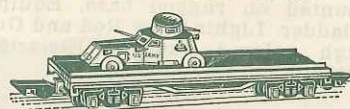

Newest development in direct from train whistling.

Whistle housed in scale express car that is authentic with either freight or passenger train. Two features: whistle and extra car at a single unit price.

The only method of whistling direct from trains that permits the use of tender correctly designed for locomotive it goes with. Whistle operates any time, any place by electric, remote control push button. Blows all whistle code signals. Not for use with remote directional control.

No.	Each
490	HHS ★\$4.95

AUTOMATIC ARMY LOADING CARS

No. 472

Exciting new car for transporting Motorized Cavalry

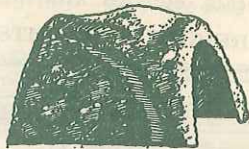

These are the days when Uncle Sam is motorizing cavalry—and American Flyer develops the first unloading car for rapid-fire handling of an armored truck.

All action is automatic and directed by electric remote control. Just press a button—and platform on car swivels, tilts and shoots armored truck down incline. Lots of action for the money. Car brilliant coloring, enamel finish.

No.	Each
472	ORN ★\$3.95

★Suggested factory resale price.

TUNNELS

No. 247 11 in. Tunnel

Realistic in design and finish. Hand decorated, strongly constructed. A popular and fast selling item. 11 in. long. (1½ doz. packed to carton.)

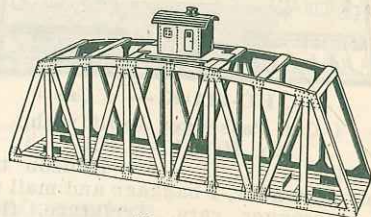

No.	Wt. each	Each
247	1 lb.	★\$1.00 RA

TRACK FOR ELECTRIC TRAINS
1937 AND 1940 EXTRA TRACK

Sell Extra Track. The new "600" track items are all for use in connection with the new model, high speed, banked track. The "600" curve track forms a circle 40 ins. in diameter which permits maximum high speed. Any larger radius track is inconvenient for the great majority of homes. Four black cross-ties on both tracks.

FLEX-I-TRACK

ELEVATED VIADUCT

Flex-I-Track found the way. Now an electric train can climb a grade over a sturdy all-metal viaduct fully 7 1/2-ft. long. And do it smoothly, too. The viaduct comes in seven easily and quickly assembled parts and is used with only 10-ft. of Flex-I-Track so that the balance of the layout can be made up of regular rigid track. Yes indeed, Flex-I-Track found the way to new thrills for the miniature electric railroader.

GILBERT JUVENILE TOYS

NEW PLAY AND CONSTRUCTION SETS FOR BOYS AND GIRLS OF PRE-SCHOOL AGE IN THE TWO TO FOUR YEAR OLD AND UP CLASS — NOT JUST EMERGENCY SETS, BUT FORERUNNERS OF AN EXPANDING SERIES OF STANDARD GILBERT LINE OF TOYS FOR JUVENILES.

AMUSING—FASCINATING—CHOCK
FULL OF PLAY VALUE

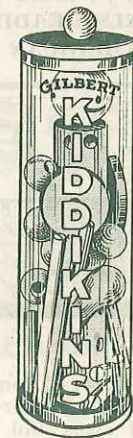

No. 1-B—Babykins

New wooden assembly toy for little tots in the two to four year old group.

Definitely a play toy for extremely young children who amuse themselves by piling, handling and arranging to their own fancy the various brightly colored parts in set. For the trifle older child knockdown parts pave the way for assembly of grotesque figures and models. Highly amusing wood toy for this age group that gives hours of fascinating fun. Complete toy in model assembly with card, enclosed in transparent gauze sack. A novel visual package presentation, ideal for counter or window display. Inserted in tube for mailing.

Carton weight, 14 3/4 lbs.

SYNCRO ELECTRIC JIG SAWS

WHY SYNCRO SAWS ARE WORLD'S SAFEST

Besides the fact that Syncro Saws need no motor, never need oiling, last for years, the safety feature is a big sales feature. Because of their short, fast, Magnetic stroke, Syncro saws will not cut wood unless firmly pushed forward against blade and firmly pushed downward on platform. See Figures 1, 2.

Syncro blade teeth cut only on down stroke! Teeth raise, repel and push away any object on up stroke! (Fig. No. 2.) When blade moves up it kicks finger away free. You instinctively withdraw your finger further—Mother Nature's safeguard against accident (Fig. No. 3). On down stroke blade does not move far enough to accidentally cut finger unless finger is intentionally fed into blade like wood is fed as shown in Fig. No. 1.

14,400 strokes per minute! Syncro Electric Jig Saws are the only jig saws giving you the "protection" of 7200 strokes per minute—7200 short, rapid-fire cutting strokes plus 7200 upward non-cutting and repelling strokes! No continuous cutting blade nor "Long Stroke" blade to Pull Wood or Finger into teeth.

ANIMAL DOMINOES

No. T-258

This game is an elaboration of the well-known dominoes and really embodies three games. The 32 cards of heavy cardboard are printed front and back. On one side are the usual domino markings for play as regular domino. These markings, however, are in color, so that younger children may also use this game as a color matching domino. The picture side shows designs of birds, animals and fish, and the game is played by matching a fish to a fish, bird to a bird, etc. There are thus in this set three differently graded games, each having specific educational value for various age groups. Put up in unusually beautiful box with extra heavy dividers. Colored varnished box top. Size of box 14¼x13½ in.

JUDY WOODEN PUZZLE INLAYS
THE PERFECT EDUCATIONAL TOYS FOR SCHOOLS AND HOME!

COLORFUL

The Judy Puzzle Inlays are attractively painted with bright, solid colors. The designs have been chosen with special regard to the child's levels of interest. The 12 patterns illustrate subjects in the everyday life of the child, as well as favorite nursery rhymes and stories. The range in complexity serves the needs of different age levels.

EDUCATIVE ENTERTAINMENT

Judy Puzzle Inlays offer the child both a challenge and a real opportunity to attain satisfaction in play. Working with these gaily colored puzzles, made of comfortably large pieces of wood, the child satisfies his desire for manipulation. He develops an awareness of likenesses and differences in form, thus, the puzzles contribute to reading readiness. They foster concentration and persistence of effort and give satisfaction in a task completed. Growing familiarity with the puzzle and success in the solution serve to make this toy the child's favorite. For the older child, it affords a pleasurable and educational form of relaxation.

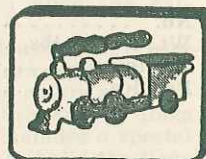

DURABLE

The Judy Puzzle Inlays are one-half inch thick, 9 inches wide, and 12 inches long, made of selected plywood. The background in each case is of one-piece construction with solid wood back, thus furnishing a container as well as the outline for each design. They are built to stand up under constant school or home use.

TINKERTOYS

In accord with the conservation of materials and manpower, the Tinkertoy Line for 1942 has been brought down to four prime construction sets, for which supplies are still available. These are illustrated below.

SENIOR

The largest of the Tinkertoy outfits. Special pieces and a greater number of standard parts enables the operator to construct elaborate moving and still models without limit. An important new feature is the **Windlass Drive**. This becomes part of each assembly and furnished movement to the model by means of a hand crank. Motion is also derived by wind-power or in the breeze from an electric fan.

Made of smoothly turned Eastern white birch. Laminated tubular container 4x14-inches with metal bottom and screw top.

No. "Senior"
Weight per doz. sets, lbs. 26
Per dozen sets \$32.00
Packed one dozen in a case. KRSX

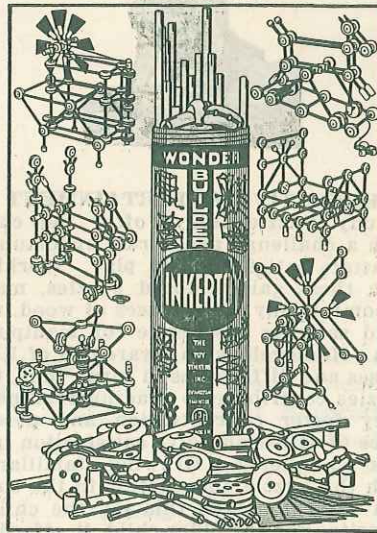

EASY

A primary construction set using standard Tinkertoy parts made of white birch smoothly turned, natural finish. With this set a hundred or more interesting action and still models can be built by young operators. Laminated fiber container 2 1/2 x 7 1/2-inches with metal bottom and screw top.

No. "Easy"
Weight per doz. sets, lbs. 5
Per dozen sets \$4.80
Packed 4 dozen in a case. ONS

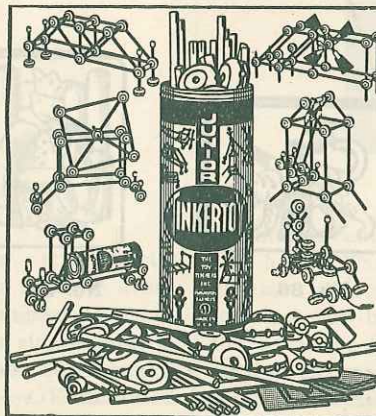

WONDER

The original Tinkertoy construction set that has held the world's record for sales every year since its introduction in 1914. Enlarged and improved, up to the minute, Tinkertoy gives users an opportunity to build a thousand different models. Spools, rods, wheels, pulleys and other pieces made of smoothly turned Eastern white birch. This toy is a prime favorite in size and value. Laminated tubular container, 3 1/4 x 12-inches with metal bottom and screw top.

No. "Wonder"
Weight per doz. sets, lbs. 18.
Per dozen sets \$19.20
Packed one dozen in a case. ERS

JUNIOR

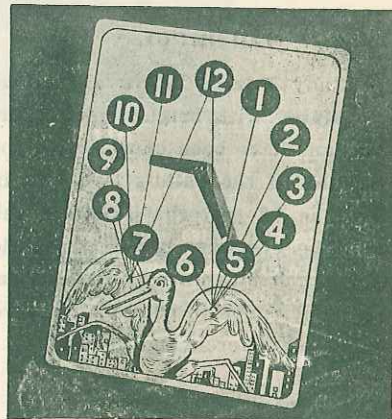

A popular construction set of standard Tinkertoy white birch parts, smoothly turned, natural finish. Possibilities of this outfit are quite unlimited as to number of moving and still models that can be made by young or mature operators. Price is within easy reach of the average purchaser. Laminated tubular container 3x9-inches with metal bottom and screw top.

No. "Junior"
Weight per doz. sets, lbs. 11
Per dozen sets \$9.60
Packed one doz. in a case. NMS

WOOD BLOCKS—WOOD LOGS—WOOD STIX

FLAG STIX

"A" Set
Builds 29 Flags

"B" Set
Builds 52 Flags

Here's a toy that every boy and girl in America will want this year. One that is brought out just when the eyes of everyone are turned upon the nations and their flags.

Flag Stix is a construction toy consisting of sticks that are brightly finished in seven true flag colors and also insignias for building the various flags of the world. Each set includes a special wooden frame in which to build the flags and keep them intact. Flag Stix can be used over and over again and will provide endless hours of fun.

Flag Stix come in two sizes:

LINCOLN LOGS

"AMERICA'S NATIONAL TOY"

Lincoln Logs are made of seasoned hardwood, stained brown to resemble rough hewn logs, and are waxed and polished to give them a smooth and durable finish. The quality and workmanship of Lincoln Logs are the same in all sets. The difference in the sizes of all log units and the number of pieces in the sets determine the differences in price. Full instructions for building are included with all sets. Lincoln Logs are now made in two sizes. The Standard Logs which are 5/8-inch in diameter and the Large Logs which are 3/4-inch in diameter.

No. B

These new large Lincoln Logs are 3/4 inch in diameter with the spaces between the notches multiples of this diameter. The assortments in the various sets have been carefully worked out to permit the largest possible number of combinations.

BOMBERS ALOFT

A Timely Military Game with "Bombers and Anti-aircraft Guns"

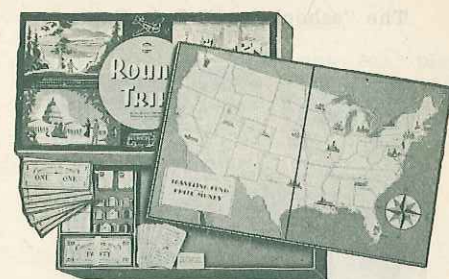

No. 4875

An unusual game in which the "Bombers" soar at different altitudes above the surface of the board, and fly at different speeds as indicated by the spinning dial. Instead of moving along the surface of the board the airplanes are moved on slender altitude towers to which they attach easily, carrying out the idea of "bombers aloft" in a most realistic manner. No other game like it no aviation game to surpass it in playing interest and unique design. Folding board opens to 19 1/2 in. by 20 in.; lithographed. Lithographed label.

ROUND TRIP

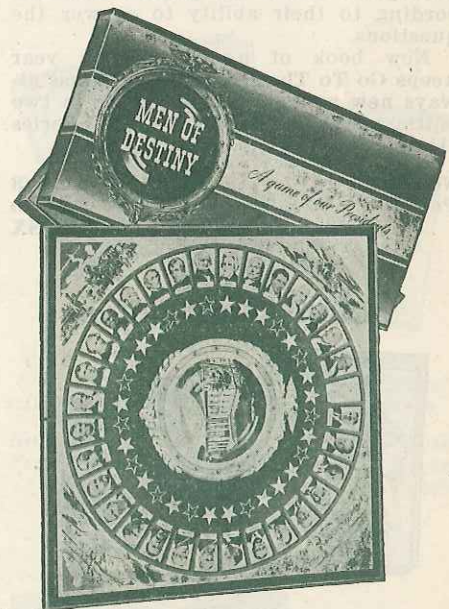

No. 4941

The game requires a complete "round trip" between New York and San Francisco, through various routes which may be determined by the player's preference. The playing pieces are miniature suit cases numbered for identification, and the moves are governed by drawing direction cards. Played on outline map of the United States, with trip terminals clearly indicated. Contents include generous quantity of script money. Box has build-up partitions and lithographed label. Size 11 3/4 x 22 in.

MEN OF DESTINY

Game of Presidents.

No. 4003

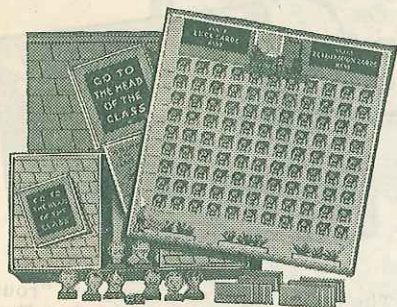

An exceptionally fine game, both in appearance and playing method. Contains miniature authentic pictures of all U. S. Presidents from Washington to Roosevelt, joined in a circular design. Plays are made on a circle of stars, according to dice throws, but each play is completed by drawing of cards and following the instructions printed on such cards. Game is packed in build-up box, with tray for implements.

MILTON BRADLEY GAMES

GO TO THE HEAD OF THE CLASS

The "school days" Quiz Game.

Nos. 4175/1 and 4175/3

All pupils start in the Kindergarten and move forward from desk to desk, grade to grade, until someone reaches "College," thereby being the winner. Advancement depends on several factors: a little knowledge, a bit of wit, players' ingenuity and a dash of luck. Bringing the teacher an apple, or being her pet, helps things along, just as it used to do.

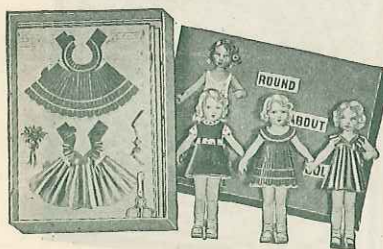

80-page booklet, with directions and questions and answers. The questions cover a wide variety of subjects. Played with special wood pieces printed with heads of children, moves indicated by the throw of a dice.

Folding playing board depicting 99 desks over which the players move according to their ability to answer the questions.

New book of questions each year keeps Go To The Head Of The Class always new and up-to-date. Made in two editions: 4175/1 Series I, 4175/3 Series III.

PIRATE AND TRAVELER

No. 4563

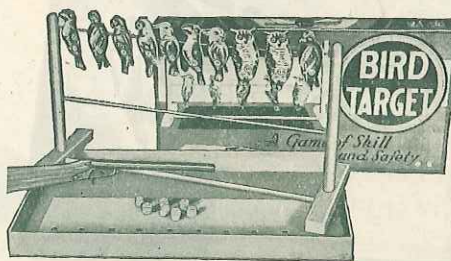

The Game Board is a map of the world and the Travel Cards indicate journeys to be made by the travelers.

The cards also show the products of different places and are won as the players reach corresponding points on the map. All routes of travel are well-known railroad and steamship lines, and players acquire a knowledge of these, also the chief cities and ports and their principal articles of commerce.

The educational value of this game, and its exceptionally attractive make-up provide in *Pirate and Traveler* a game of travel unequalled. Size of game board 16 3/4 in. by 29 1/4 in.

No.	4563
Per doz.	\$24.00

MR. BUG GOES TO TOWN

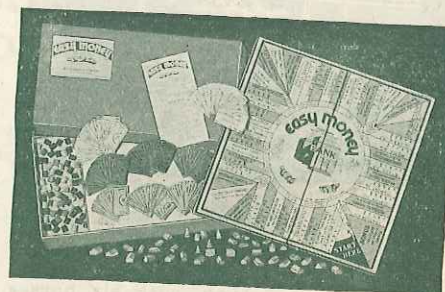

No. 4965

Official game based on technicolor animated cartoon as produced by Fleischer. This great movie is a natural for a good game, and the game has the eye appeal that inspires interest and makes sales. In this exciting Milton Bradley sales-winner America's new favorites—Honey and Hoppity—meet and master those arch-villain bugs C. Bagley Beetle, Swat the Fly, and Smack Mosquito, just as they do in the movie. "Mr. Bug Goes to Town" will be an entertainment leader for a long time to come and the Mr. Bug game will win favor and popularity on its own merits.

It's a top notch number in every detail. Lithographed playing board and label.

BATAAN

No. 4058

The Battle of the Philippines.

The gallant defense of Bataan will live always as one of the great heroic episodes of American history. Any game inspired by that event must have a quality and substance worthy of such a tradition. And we believe that Bataan is such a game. Strategy is its essence and whether you attack the opponent or defend your own position, the outcome is wholly conditional upon your skill and ability to maneuver your men to victory or defeat. Not too difficult for young players, not too simple for the Chess enthusiast, Bataan has a definite place in the category of desirable games, in the stock of every dealer and in every American home. And its popular price assures a broad market.

No. 4058

JUDY'S FARM

IT'S FUN TO FARM THE JUDY WAY

1. Because Judy's Farm provides many hours of enjoyable play.
2. Because Judy's Farm stimulates the child's imagination. It allows him to dramatize the actions and movements of people, animals and equipment amid natural surroundings.
3. Because Judy's All-Wood Farm contains a big red barn which the child can assemble himself.
4. Because in addition, there are 10 sections of wooden fences with grooves in the fence posts to allow for an extension of fencing. 20 extra fence rails are included. Grooves in the corner posts of the barn provide a means for anchoring the fence to the barn.
5. Because there are 27 wooden figures, including 2 each of the following animals: cow, horse, pig, sheep, dog, cat, turkey, goose, duck, chicken; 1 each of the farmer, wife, boy, girl, car, truck, tractor. The figures range from 3/4-in. to 2-in. in height, and from 1/4-in. to 3/8-in. in thickness. They are colored, scaled to size, and each figure stands on its own feet.

MILTON BRADLEY GAMES

BLACKOUT

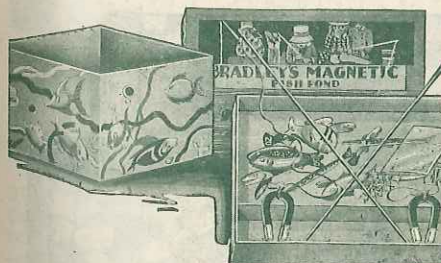

No. 4041

Truly today's game of thrills—of "local interest" to everybody.

Playing board represents a brilliantly lighted metropolis divided into four sections, each section containing 25 outline squares, numbered, printed over city street designs. The object of the game is to be first to "black out" your own section of the city, by covering its squares with black cardboard chips. Dice throws indicate the moves, and interest holds at high tension from start to finish of play. Newly designed label and playing board make an outstanding package on any counter.

METAL TOPS
MULTI-COLOR

No. 25

Educational — Durable — Instructive

The multi-color top No. 25 is built of heavy gauge material. A string is furnished with each top. Simple to operate — wind the string around spool as shown at right; then grasp handle firmly and pull string as indicated. The spinning top can then be placed on any flat surface. Can be picked up by the handle while spinning and placed anywhere. Stands upright at all times on rubber foot which will not mar most highly polished finish. Every color of the rainbow is shown and repeated many times throughout the long spinning of this top.

TRAP-A-TANK

36½-in. long — with excitement in every inch

This race game is notable for its interest-compelling action, when handle is turned, track in center vibrates and advances the tanks up the track. Turned up or cut out portions of the track form obstacles which act like tank-traps. When a tank bobs up to these obstacles it may be retarded, it may move around them or glide over them—adding to the excitement all the way to the finish at the fort. Tanks move with a real bobbing motion. Interestingly decorated. Game comes in one piece, but folds in half. Tanks included. In attractive individual box. Size of game, 36½-in. long by 7¾-in. wide.

BIG BANG CANNONS AND GUNS

SAFE NOISE FOR REAL BOYS

BIG-BANG Cannon are beautiful reproductions of full-sized Army field guns. Every boy wants one; parents approve of them, because they are safe noise-makers. No gunpowder is used.

All models are attractively finished in semi-gloss olive drab, with red wheels. They are built of metal throughout and are practically indestructible.

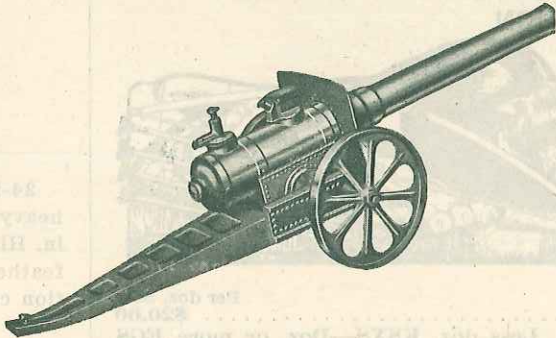

The ammunition used is pulverized BANGSITE. It cannot be burned but when combined with water in the gun, it produces the gas required to make the "BANG."

FIELD CANNON

MAJOR FIELD CANNON

Model 15FC

This is a beautiful gun, finished in olive-drab color to look like the field cannon used in the Army. Wheels are finished in red. Fitted with the New Improved Charger and Ignitor—a fine new feature.

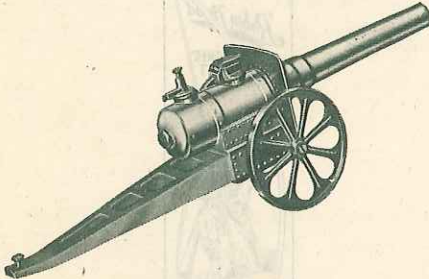

No.	15FC
Length of tilting cannon body, in.	15 1/2
Total length, in.	25
Wt., each lbs.	5 1/2
No. in box	1
Each	\$5.50

Ammunition—BANGSITE—not included.

FIELD CANNON

JUNIOR FIELD CANNON

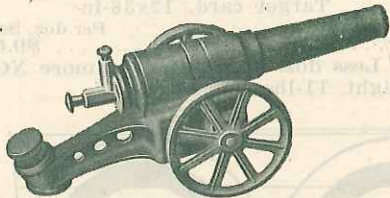

Model 10FC

This gun is the same style and finish as No. 15FC, but smaller in size. (See following dimensions.) Fitted with the New Improved Charger and Ignitor.

No.	10FC
Length of non-tilting cannon body, in.	10 1/2
Total length, in.	17
Weight each, lbs.	2 3/4
No. in box	1
Each	\$3.25

Ammunition—Bangsite—not included

LIGHT FIELD GUNS

Model 6F

This model is finished in olive-drab and mounted on two red wheels. The ammunition case is in the rear end of the heavy drag beam. Note: This gun is not fitted with the new Improved Charger and Ignitor but is loaded with the spoon attached to the breech.

No.	6F
Length of non-tilting cannon body, in.	6
Length end of muzzle to end of drag, in.	9
Weight each, lbs.	2 1/4
No. in box	1
Each	\$2.00

Ammunition—Bangsite—not included

ANTI - AIRCRAFT GUN

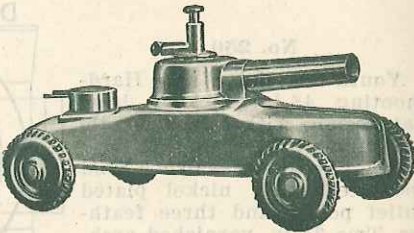

Model 15AC

Finished in olive-drab. Mounted on base for elevated firing. Fitted with the New Improved Charger and Ignitor.

No.	15AC
Length of tilting cannon body, in.	15 1/2
Diameter of base, in.	5 1/2
Weight each, lbs.	4 1/4
No. in box	1
Each	\$4.25

Ammunition—Bangsite—not included

MOTOR TANK

Model 5T

Finished in olive-drab and mounted on four black rubber wheels. Note: Not fitted with the new improved charger but is loaded with the spoon attached to the breech. Ammunition case is in the rear turret.

No.	5T
Total length of tank, in.	10 1/2
Weight each, lbs.	3 3/4
No. in box	1
Each	\$2.50

Ammunition—Bangsite—not included

AMMUNITION

BANGSITE

Pulverized ammunition called BANGSITE is used in BIG-BANG guns. It is not poisonous. It cannot be ignited by fire or concussion.

When combined with the water in the gun-body, it makes the gas which causes the "Bang."

No.	Bangsite Ammunition
Weight, box, lbs.	3

SP Big-Bang Spark Plugs ...	\$0.10

Less OG%

CANNON CHARGERS

No.	Each
10CC Fits 10FC Cannon.	\$0.60
15CC Fits 15AC and 15FC.60

CANNON IGNITORS

No.	Each
1G Fits 10FC, 15AC and 15FC.	\$0.60

BREECH BLOCKS

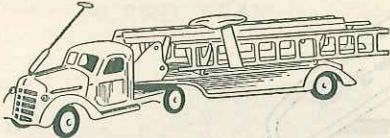

No.	Each
5BB Fits 5T and 6F.	\$0.60
6BB Fits 6P Pistol.60
8BB Fits 8F, 8FR and 9B.60
10BB Fits 10W and 12F.60
11BB Fits 11P Plane.60
16BB Fits 16F Cannon.60

Ammunition is not included with the guns, so when you buy the gun, you should buy 3 or 4 tubes of Bangsite and a couple of extra spark plugs. Then you will have enough supplies for many hundred "Bangs." Reserve ammunition will keep until used, as long as you do not take the cap off the tube. If you do leave off the cap, or leave it loose, the Bangsite will turn to white dust like Flour, and will be no good.
