A 20-31 HORNBY CLOCKWORK TRAIN SET (Imported)\$18.00

(2 to 6 yrs.)—All the fun of model railroading for the pre-electric train age group with this 32" long English freight train, made entirely of metal and beautifully lithographed. Locomotive has long-running spring motor, with precision cut gears; forward and reverse gear levers are within the cab like a real train; it can be braked from the track without touching the locomotive. There are 2 open cars, a caboose with doors that have handles to lock, 4 curved rails, 1½ straight rails, a brake rail and a pair of positive-control switches. A pair of guard crossing gates, to be closed when a train is approaching and opened for road traffic afterwards, complete the 26¼ x 47" layout. Ship. wt. 8 lbs.

B 20-26 AUTOMATIC RAILROAD (Imported)\$10.00

(4 to 8 yrs.)—Something different in railroading. Two well made wind-up metal cars run in opposite directions over a 50" oval track and yet never meet. A siding prevents collisions automatically! As one car completes the circuit it comes to a stop on its siding. By doing so it releases the other car for its trip and stop and so on for about ten trips before a second re-winding is necessary. Equipment includes for effect "stop" and "clear course" signals and station. Ship. wt. 6 lbs.

C 4-35 MECHANICAL TRACTOR\$2.25

(4 to 8 yrs.)—An all metal tractor with a strong wind-up motor for pushing or pulling. The little metal man, at the "wheel", sits nonchalantly while his sturdy tractor surmounts tough hills, moves difficult obstacles. Detachable plow, and for extra good traction—real rubber treads. No key to be lost since the winding key is permanently attached to the motor. Ship. wt. 4 lbs.

D 12-28 GROUP OF MECHANICAL TOYS (Imported)\$4.50

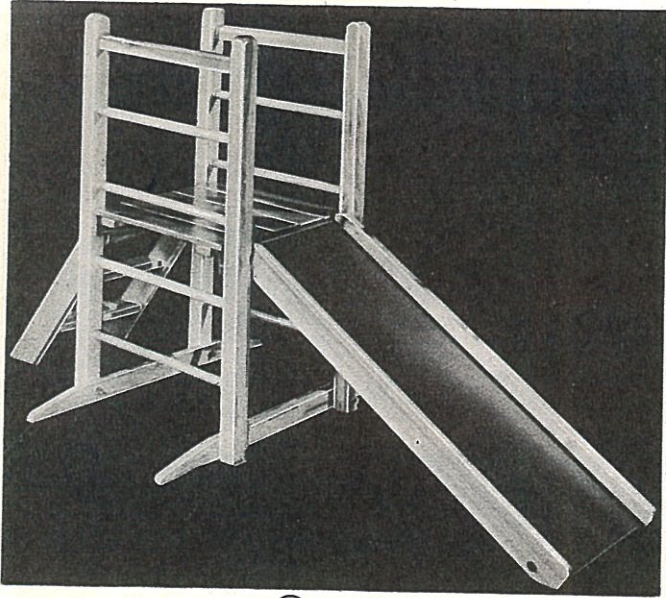

(4 to 8 yrs.)—This group of wind-up toys is the most ingenious of its kind to be found anywhere and their unique performance will give hours of amusement. Precision made of metal and colorfully lithographed. Consists of a **SHUNTING TRAIN**—miniature wind-up locomotive automatically shuttles back and forth on 12" track pushing, then pulling a car. **CABRIO CAR**—6½" car with spring lever that automatically converts it from sedan to open touring car. **PECKING ROOSTER**—mechanically pecks as he walks. Has felt comb and tail. **PECKING CHICK**—pecks as it walks. Felt tail. Ship. wt. 3 lbs.

E 4-15 SPEEDWAY WITH CARS (Imported)\$2.95

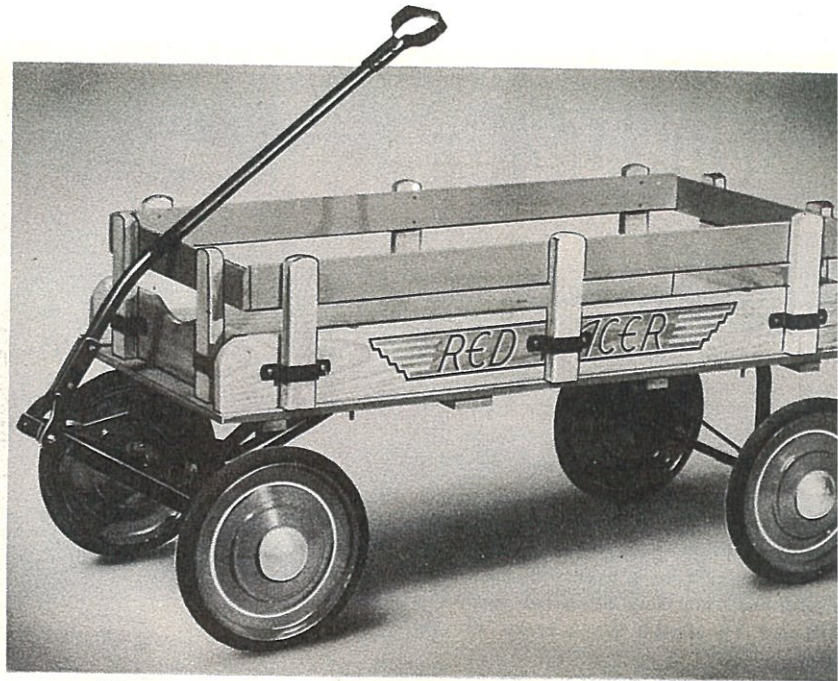

(4 to 8 yrs.)—Racing these miniature metal cars around the 28" metal interlocking oval track is great sport. Although the cars are tiny (4" long) they are very speedy because each contains a strong and powerful wind-up motor. Ship. wt. 3 lbs.

F 4-66 SPORTS ROADSTER WITH GEARS (Imported)\$3.50

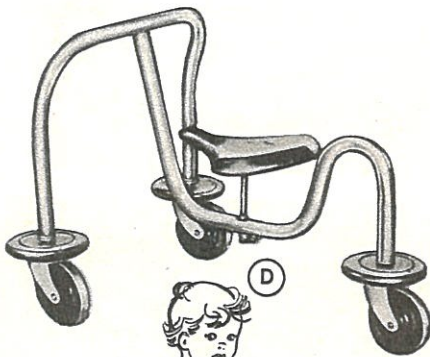

(4 yrs. up)—A notable addition to any young man's collection of Automobiles, this Sports Roadster is most unique as it actually has a wind-up motor with gear shift, hand brake and steering wheel. Changes gears by moving the lever into one of the following 5 positions: Reverse (car moves slowly backwards); Neutral (engine runs while the car stands still); 1st Gear (slow); 2nd Gear (fast); 3rd Gear (faster). Made entirely of metal, 9 inches long, with rubber tired wheels. Ship. wt. 3 lbs.
